CLEMENT ATLEE

## EXCLUSIVE

### Kremlin Landmark In 'New' Moscow

EDITOR'S NOTE: Former British Prime Minister Clement R. Attlee has just concluded a three-week tour of Communist China, which included a stopover in Moscow en route. Leading a Labor party delegation of nine, his aim was "to learn as much as I can about what conditions really are."

Following is the first of five exclusive articles in which he writes of his observations and of his reactions to what he saw and heard.

By the RT. HON. CLEMENT R. ATLEE

HONG KONG—It had been 18 years since I was last in Russia, when I went by boat with Ambassador Maisky to Leningrad and then to Moscow. This time I flew with my colleagues to Stockholm and Helsinki and so to Moscow.

From the plane one could see the collective farms, with their broad strips of common cultivation and the small individual plots.

The striking things in the view of Moscow from the air are the lofty, tower buildings of the university and the new

### Marked Rise in Living Standards

Two things, in particular, struck me. First, the great increase in the traffic. On my former visit to Moscow there was an absence of cars, which gave the city a derelict appearance.

Secondly, there undoubtedly had been a great advance in the standard of dress. Last time, the people looked shabby and wore broken-down and worn-out footwear. They appeared drab. This time the women were all in light summer frocks and wore good shoes. They looked now as if they belonged, where formerly they seemed out of place.

There is no doubt that there has been a marked rise in the standard of life. The children, in particular, looked well-fed. The shops had a good supply of wares, though I gathered that the quality was poor and that there was not much variety.

I was most hospitably entertained by Ambassador and Lady Hayter at our Embassy, which still is in the old house with a fine view of the Kremlin.

There is a vivid contrast between the old and the new in

Foreign Office Building. There were also visible numbers of great blocks of flats.

On our trip from the airport I failed to recognize anything except the Kremlin, so great has been the development in the centre of the city. Even the principal streets were unrecognizable.

Moscow. There are great blocks of flats and offices towering along broad streets, while behind these structures are the old pre-Revolution buildings, crumbling and out of repair, and bits of old-wooden buildings on their last legs. The housing problem is appalling. There is intense overcrowding, and it will, judging by the housing program explained to us by the mayor, take many years to overcome this.

The feeling I got was that here is a government that felt it must impress the people with its power. The actual wants of ordinary men and women had to give way to this. For instance, the colossal Foreign Office Building must have absorbed an amount of labor and material that might have been used for more social purposes. This is no doubt a matter of policy, but I remember having the same feeling about the Moscow underground railway, which contrasted so violently with the slums.

Similarly, I saw recently in

### 1 Dead, 5 Hurt In City Traffic

Elderly Visitor, Here Few Hours, Struck Down at Yates and Douglas

One man died and five persons were hurt in traffic accidents on Greater Victoria streets during the Labor Day week-end.

John Anderson, 79, Calgary, who had checked into a city hotel a few hours earlier, was struck down by a car on Yates Street Saturday night and died in Royal Jubilee Hospital early today.

He was Victoria's fourth traffic fatality this year.

Mr. Anderson registered at the Churchill Hotel then set out for a stroll with another prairie visitor, Alfred Savage, 55, of Winnipeg.

LIGHT CHANGED

Savage was injured in the same accident. Police said the pair stepped into a pedestrian lane at Yates and Douglas about 8:30 p.m. The light was green but changed to red while they were still in the middle of the road, according to witnesses.

They were struck by a car allegedly driven by Morey Allan Fitcher, a Metchoshin youth, who was driving east on Yates with a passenger, Ivor Krogstad, also of Metchoshin. Police could not say today whether charges would be laid pending further investigations.

Anderson was rushed to Jubilee, his pelvis fractured. Savage was taken to St. Joseph's suffering from a cut to the back of his head and injury to his knee.

INQUEST THURSDAY

Police sought friends of the deceased at Cobble Hill but were unable to locate them. Other friends were found at Calgary, but it is not known whether he had any relatives.

Inquest into the death has been set for 10:30 a.m. Thursday, but place is not yet known.

Other traffic and household accidents flooded city emergency wards over the long holiday. St. Joseph's Hospital alone handled 90 emergency admissions, most of them minor.

A spectacular car-motorcycle crash sent city police officer E. E. Birtwhistle, 3178 Douglas, to Jubilee at about 7:30 p.m. Saturday. He was treated for injuries to his leg and shoulder as well as a cut hand, then sent home.

Involved in the crash was the car of Maurice J. White, 1145 Faithful, police said. The car had been traveling north on Linden and the motorcycle west on Fairfield when the collision occurred.

HIT PHONE POLE

Lewis P. Evans, 47, 2754 Scott, went to Jubilee with a cut forehead and scalp after his car crashed into a telephone pole early Sunday morning on Cook near Pembroke.

CYCLIST HURT

Fifteen-year-old James Gibson, 4561 West Saanich Road, fell from his bike at 7:50 p.m. Sunday. He was X-rayed and his right arm was stitched at St. Joseph's before he was discharged.

Ray Gannon, 10, was young accident victim. He was apparently struck by a car at 8:45 p.m. Sunday near his home at 5047 Cadboro Bay Road. Saanich police did not name the driver. The boy was shaken up but otherwise unhurt.

Mr. Cleveland died instantly when thrown from his car as the vehicle smashed into the front of a truck.

Robert J. Thomas of Northport, driver of the truck, was uninjured.

Meanwhile, B.C. spent one of the quietest Labor Day week-ends on record with two violent deaths reported.

Douglas Stuart, 32, of Vancouver, drowned Saturday near Vancouver, and Lloyd Peters of Houston, B.C., was killed when struck by a car Friday night.

### Bells Welcome Archbishop To Victoria

Two Receptions Set for Wednesday

Christ Church Cathedral bell-ringers prepared to ring a peal of welcome to the Most Rev. and Rt. Hon. Geoffrey Fisher, Archbishop of Canterbury today.

The archbishop was scheduled to arrive at Esquimalt aboard HMCS Ontario at 3 o'clock this afternoon for a week-long visit.

The 67-year-old Primate of All England is accompanied on the strait crossing from Vancouver by B.C. Archbishop H. E. Sexton, Premier W. A. C. Bennett and other dignitaries will be on hand at the dock.

Two receptions are included in the primate's Wednesday itinerary: one for old Maritimers and Reptonians, and another for clergymen of the diocese. The archbishop will travel from HMC Dockyard to Government House in a private car, escorted by a motorcycle escort. The route to be traveled is:

Along Esquimalt Road, across Johnson Street Bridge, Government Street south to Belleville, east on Belleville to Quadra, north on Quadra to Christ Church Cathedral on Burdett Avenue.

The cavalcade will then drive up Rockland Avenue to Government House.

(See page 13 for Times' interview at Vancouver with Mrs. Fisher, wife of the primate.)

Lowest in Six Years

CHICAGO (AP)—The accidental death toll in the Labor Day week-end was 516, but traffic fatalities were only 347 against the predicted 390 and the lowest in six years.

### A-Plan Still Open To USSR Co-Operation

WASHINGTON (AP)—President Eisenhower held the door open today for Russian co-operation in a new Allied undertaking to spread peaceful benefits of atomic energy to many lands.

A diplomatic authority said Russia's behavior toward the United States, and particularly the Kremlin's rejection of a previous Eisenhower proposal that it join in an international atomic pool, appear to rule out any move to join the latest project.

Nevertheless, the decision announced by Eisenhower Monday

to go ahead without Russia on an international atomic agency plan would appear to put the Russians somewhat on the spot, since they have so far indicated no interest in sharing their own atomic energy know-how and resources with anybody.

What Eisenhower disclosed was that the U.S. government has agreed with other countries to set up an agency to "foster the growth and spread of new atomic technology for peaceful use."

The president did not name the countries, but an aide said they are Canada, Britain, France, South Africa and Australia.

The president added that talks starting Thursday with "our Canadian friends" would be the first step in implementing the new plan.

Eisenhower expressed hope that "no nation will long stand aloof" from the enterprise. This seems clearly to keep the door open for Russian co-operation provided Moscow is interested.

For the time being, the president made clear, the project aims to provide benefits for friendly free countries.

His former comrades said he plans to take a position with a large brewery in Hagen.

### Back-to-School Trek

Careful children bound for Sir James Douglas School today were only handful of 15,000 Greater Victoria youngsters who bid goodbye to summer holidays.

Boys, girls, who gathered with adults to cross busy Fairfield Road, expected motorists to show equal care at crosswalks. (Times Photo.)

### HURRICANE EDNA ROARS AT 90 MPH

MIAMI (UP)—Another dangerous hurricane, already powered by winds of 90 miles an hour, roared at slow speed across the Bahamas today, 500 miles east-southeast of Miami.

It was the fifth tropical storm of the season. It was named Edna in the new feminine-name chart adopted by the hurricane hunters.

Edna was headed in a west-northwest direction, according to the Miami weather bureau.

### Eight SEATO Nations Sign Pact Wednesday

Delegates Confident Remaining Barriers To Asiatic 'Monroe Doctrine' Hurdled

MANILA, P.I. (UP)—The eight-nation SEATO conference practically finished its work today and preparations were being made to sign an Asiatic "Monroe Doctrine" treaty at a formal ceremony at 4 p.m., Wednesday.

Delegates familiar with every development in the Secretariat of the Southeast Asia Treaty Organization (SEATO) conference said the delegates believed they had found a way to remove two remaining barriers.

All delegates except U.S. Secretary of State John Foster Dulles have agreed to drop the word "Communist" from the article defining aggression. This

will be a victory for the Pakistan delegation if Dulles and his aides agree.

The second point still holding up agreement is over whether the three associated states of Indo-China—South Viet Nam, Laos and Cambodia, should be included in the SEATO area.

The Philippines have been insisting that they be omitted because they cannot become full members or make a contribution.

The United Press was told that Dulles insists on including the three nations because dropping them at this point might make the Communists think the areas had been "abandoned."

Solution to this problem may be reached, it was learned, by the United States attaching a separate protocol to the treaty which would bring the Indo-China nations under SEATO protection.

### German Sovereignty NATO'S End—Pearson

Canada Would Consider Bid to Parley But Still Strongly Favors NATO Plan

OTTAWA (BUP)—Canada served notice today she would continue to consider German rearmament a problem for all the North Atlantic Treaty Organization rather than just western Europe.

External Affairs Minister Lester B. Pearson told a luncheon meeting in Toronto that unconditional sovereignty for Western Germany would destroy the North Atlantic Treaty Alliance.

Speaking at the International Day luncheon of the Canadian National Exhibition, Pearson strongly urged full NATO participation in the search for a solution to the question of rearming Germany.

(Canada has taken under consideration a British suggestion for a nine-power conference on West German rearmament but still feels the problem is one "for discussion in full NATO forum" an external affairs department spokesman said Monday night.

PARLEY BID?

(He was commenting on a London report that Prime Minister Churchill has called a Wednesday cabinet meeting to discuss a conference of the United States, Canada and the six European Defense Community countries.

(He said Canada has not received an invitation to the conference yet, but External Affairs Minister Pearson likely would bring the suggestion before a cabinet meeting here Wednesday for discussion.

STANDS FIRM

(Canada still felt, however, that the German rearmament question, now that France had voted itself out of EDC, was a subject for consideration by the North Atlantic treaty council.)

Pearson said in Toronto reports from London of an "Empire row" over how to proceed could be "dismissed as the kind of exuberant exaggeration which seems to sell some newspapers."

### Gunboat Bombed

Formosa Claims 100 Junks Sunk

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Chinese Nationalist planes struck at Communist shipping along the China coast today and the Defense Ministry said a Red gunboat, more than 100 wooden military junks and five motorized vessels were damaged.

Reuters news agency quoted an official announcement that the junks were sunk.

Identification of the junks as military craft could indicate the Reds were massing an invasion fleet for an attack on Quemoy, but there was no official confirmation.

Quemoy, Nationalist island outpost just off Amoy opposite Formosa, has been under intermittent Communist artillery attack since Friday, when the Reds bombarded it for five hours.

The defense ministry said Nationalist bombers struck today at Wuyi Island and Chihmei on the mainland coast within artillery range of Quemoy and at nearby Amoy, a major Red base.

WARSHIPS JOIN IN

Warships joined in the attack for the second day, the announcement said, adding that Red firepower on Amoy was crippled. Intermittent anti-aircraft fire stopped entirely during the attack, the ministry said.

Pilots said dense clouds of smoke billowed for 40 minutes from white stone fortress and for 25 minutes from east fortress, two major strongpoints at Amoy.

All planes returned safely, the ministry said.

Peiping radio said the attacks were made by two waves of Nationalist planes totaling 42 planes and, by five warships. A Chinese-language broadcast heard in Tokyo claimed one plane was shot down and 19 others damaged.

Peiping said the raiders dropped 62 bombs, killing 18 persons and injuring two. The broadcast reported that Amoy also came under fire from the five warships and from artillery on Quemoy. Peiping said Red shore batteries answered the fire.

ROY SUTTER FAILS

To Break Flo's Mark

LOS ANGELES—Roy Sutter failed over the week-end in his attempt to beat Florence Chadwick's record of 13 hours and 47 minutes for swimming the Catalina Channel.

He entered the water at Emerald Bay, Catalina Island, at 7:45 p.m. Saturday, and was pulled out three hours and seven minutes later when it became apparent that he would be unable to set a new mark.

WASHINGTON (UP)—Columnist Walter Winchell refused to tell the Senate Censure Committee today who gave him a copy of the so-called "FBI letter" produced by Sen. Joseph R. McCarthy during the Army-McCarthy hearings.

### INVITES CANADIAN GIRLS TO ATTEMPT STRAIT

### Twelve-Foot Waves Force Flo To Delay Lake Ontario Swim

By DON HUNT  
Times Special Correspondent

YOUNGSTOWN, N.Y.—A 12-foot-high wave forced Florence Chadwick to postpone her 32-mile swim across Lake Ontario until at least 11 tonight (8 p.m. EDT).

"And if the weather doesn't improve I won't be going then," Miss Chadwick said. Two Canadians—Winnie Roach Leuzler and Marilyn Bell—also postponed their attempt scheduled to get under way Sunday night. All three said they will leave together.

Florence, anxious to get the swim under way, spent the morning in the U.S. Coast Guard station in this upper New York town of 800 at the mouth of the Niagara River. After studying the weather reports she announced that she might be able to try it tonight providing the winds go down to 15 miles per hour instead of the present 25 to 30.

The \$10,000 swim from

Youngstown to the Canadian National Exhibition water front in Toronto has attracted hundreds of newspapermen, cameramen and radio and TV announcers from both sides of the border.

Discussing the weather conditions Miss Chadwick said only the 63 degree water was in her favor.

"These waves are much worse than what I ran into trying to cross the Straits of Juan-de Fuca" she said "there it was just a case of cold-water. The waves weren't bad at all."

The two Canadian girls, unofficial entrants in the swim, both said they would wait for Florence to make the decision.

The weather has already forced the CNE to cancel the proposed across-the-lake relay swims, which was scheduled to start four hours after Miss Chadwick stepped into the water. It will

be replaced by a 21-mile relay along the Toronto waterfront.

YOUNGSTOWN, N.Y. (CP)—Flo Chadwick has given Canadian swimmers, Marilyn Bell and Winnie Roach Leuzler, a welcome as chilly as the waters of Lake Ontario.

"I was surprised to find out I would have company on the swim," she said Monday. "I didn't ask to come here. I was invited for an exhibition."

"That's why I can't understand these girls. They live around here and have 365 days a year to try to swim the lake."

But if the Canadians really want to challenge her, Miss Chadwick said, she would be happy to attempt with them next summer the Juan de Fuca Straits, between Vancouver Island and Washington state.

Miss Chadwick has described that body of water as the "Mount Everest of channel swims," pointing out that no man or woman has ever made it.

## Cooper, Graham Win Speedboat Laurels

5,000 Thrilled by Labor Day Regatta Off Willows Beach; Two Drivers Dunked

Pat Cooper's It'll Do, and Fred Graham's Suzy III ruled the waves at the 18th annual Victoria Inboard and Outboard Association Regatta off Willows Beach Monday.

They were high-pointers in a record 42 entries which skimmed over the mile-long course. Thanks to placid weather only two of the daring drivers were dunked during the four-hour show. About 5,000 spectators straddled driftwood or jammed their back pockets into the sand for the event.

The boats—class B utility outboards, service runabouts, class B inboards, class B hydroplanes and 135 cubic inch hydro—joined the regatta from Vancouver, Nanaimo and Port Alberni. No titles were at stake but competition for local cups and prizes was high.

One of the most colorful guest craft was Vancouver's hydro Mercury VII, owned by Charley Kobus. Lacking any sort of real competition, Mercury VII wound up to about 70 miles per hour to take the inboard open, but she has been clocked at better than 100.

### EACH WON FOUR

The trophy for high points in the Labor Day meet went to Fred Graham in the inboards and to Pat Cooper in the outboards. Each was four times first past the checkered flag.

The need for a lake course for the regatta was underlined when several motors were clogged with seaweed, and the danger of driftwood interfered with the races. One race was held up until the wake from a passenger steamer subsided.

The two boatmen tossed into the sea were outboarders, P. Stacey of Nanaimo and R. Milne of Vancouver. In each case their eager boats ran out from under on turns. While the

drivers wallowed astern in their lifejackets, other racers corralled their mounts for them.

### LIST OF WINNERS

Here are the race results:

Class B Hydro—Joany Girl (Bob Husband), Pop T II (All Tiley), Big Deal (Allan Tiley).

Service Runabouts—Inboard—It'll Do (Pat Cooper), Witch's Taxi (Bob Husband), Pup Dog (H. Hamer).

Crackerboxes—Firecracker (R. Bestward), T-D-U (B. Raybone).

Inboard Local—1st heat: It'll Do (Pat Cooper), Pup Dog (H. Hamer), Dus II (J. Vanderberg).

Crackerboxes—Firecracker (R. Bestward), T-D-U (B. Raybone).

Outboard Local—2nd heat: It'll Do (Pat Cooper), T-D-U (B. Raybone), Witch's Taxi (Bob Husband).

Outboard Marathon—Suzy III (Fred Graham), Joany Girl (Bob Husband), Pup T II (All Tiley).

Inboard Open—Mercury VII (Charley Kobus), Teaser IV (J. Hutchison), Lan-C-Air (R. Townsend).

WINS GLASS BOAT  
Enthusiasm with the reception given the regatta—at Willows, the Victoria association hopes to bring the Seattle Inboard Club here for next year's event, according to secretary George Davis.

A 12-foot fiberglass boat, with outboard motor, was won by Dr. Richard Nash, Ardmore Drive, who bought the lucky membership.

## French Flag To Fly No More Over Indo-China

Total Independence Promised Viet Nam

SAIGON, Indo-China (UP)—France hauled down the tricolor from the flag-staff at Norodom Palace today and promised free Viet Nam "total independence and complete support" in its struggle to become a new nation.

Up went the red-striped yellow flag of Viet Nam to mark the end of French administration in South Indo-China.

Gen. Paul Ely, French commissioner-general and supreme military commander in Indo-China, turned over gleaming white Norodom palace, for decades the seat of French rule, to the government of Premier Ngo Dinh Diem.

"Today the war is over and the French position in unequalled," Ely said. "In four words, it is total independence and complete support. Henceforth, France will impose neither the presence of the French expeditionary corps nor require Viet Nam's participation in the franc (monetary) area, or in anything else."

Several hundred official guests witnessed the ceremony from the palace's broad lawns and thousands of spectators outside its iron grill gate watched the French flag slowly descend.

ENCOURAGE MIGRANTS  
MAIDSTONE, Eng. (CP)—Young Men's Christian Association in this community is to encourage young Kent County farm workers to emigrate to Canada.

### WELL ATTENDED

PITON, Eng. (CP)—Dr. J. D. Debon and Dr. Varelle Anderson were married here by Rev. Dr. T. A. Cannold, who doubles as the local practitioner. The best man, a groomsman and one of the bridesmaids were also doctors.

### MAKE SURE YOU TAKE GOOD CARE OF YOUR

### Rupture — Hernia

Discard that old, unsatisfactory Truss or belt today. We invite you to call on our well-trained fitter with your condition. We feature exclusively famous Dohse and Security Guard Trusses. No leg straps, no unsatisfactory webbing, leather, gaiting, bulbs, etc., no harness to wear. Both these trusses feature concave shapes, which reduce and hold safe and secure, your rupture or hernia. Easy to wear and put on. Cost no more than ordinary trusses. Guaranteed. Washable. Have your appliance fitted carefully and in private. No extra charge (built for long service). We show also many other types, as low as \$3.95 complete; also body supports, especially for protruding abdomens, etc. You will find this a safe place to deal with this delicate condition. Hours: 9 a.m. to 5 p.m. (Closed Sat. only at 1 p.m.) (City of Victoria, write for free body charts. We can fit you perfectly by mail also.)

The British Distributors  
Suite 608-9, Bank of Toronto Bldg.  
1405 Douglas Street, Victoria.

## U.S. Plane Shot Down Off Siberia; Lodge Charges Russia Before UN

UNITED NATIONS, N.Y. (AP)—The United States has put its latest brush with Russia before the United Nations.

The U.S. delegate, Henry Cabot Lodge, Monday night asked for an "early meeting" of the UN security council to take up the shooting down of a U.S. Navy plane off Siberia Saturday by Soviet jet fighters.

The navy plane was the sixth U.S. military aircraft shot down by the Russians either in Europe or over the Pacific, but this is the first time Washington has brought such an incident before the world body.

Lodge returned unexpectedly to New York from a holiday to

make the surprise move. He telephoned his request for the council meeting to Francisco Urrutia of Colombia, the 11-member group's president for September.

### NINE SURVIVORS

ATSUGI, Japan (AP)—Ensign John Henry Reid tried to pass a life raft out of a sinking Neptune patrol plane 40 miles off Siberia Saturday.

He shouted "get out chief, out, out," to Chief Petty Officer Paul Roger Mulhollem, also of Alameda.

Then, apparently, Reid went down with the plane.

Nine survivors of the plane, shot down by two Russian-made Mig-15 fighters, told that story Monday. Reid was the only one not picked up by rescue planes.

The crew said two Mig-

fighters made three firing passes at them and shot them down a full 40 miles from the Siberian coast southeast of Vladivostok.

Cdr. John Booth Wayne, Alameda, said the Neptune was on a routine patrol mission from Atsugi Saturday and was not even taking photographs. He said the plane's machine-guns were not charged when the battle started.

### Tired, Weak Men! Get New Pep at 40, 50, 60

Get new strength, pep and energy the quick easy way that amazed thousands. Try Otrax Tonic Tablets today. For weak, rundown, tired-out feeling due to lack of iron at 40, 50, or 60, conditions you may call "getting old." They stimulate, invigorate, revitalize and energize in your daily work. Cost no more than ordinary trusses, and most younger. Both sets get new pep. New "get-acquainted" size only 60¢. At all druggists.

## Churchill's Bid for Early Parley Blocked

LONDON (UP)—Prime Minister Winston Churchill's drive for an early nine-nation conference to discuss European defenses ran into the obstacle of tight timing and other important commitments today.

Churchill has been pressing for a meeting of foreign ministers to start as early as next Tuesday.

U.S. Secretary of State John Foster Dulles is expected to be tied up in Manila until about September 10, after which he is understood to be hoping to visit Japan and Formosa.

German Chancellor Konrad Adenauer is scheduled to report to the West German Bundestag on September 14—the same date suggested for the London meeting. On September 21, just a week later, the United Nations General Assembly opens in New York, and Mendes-France already has announced he intends to be there.

### EXPERT-FITTER HERE (From Head Office) See Dates Below

As time goes on, manufacturers have designed better and more comfortable Truss and Support Appliances, for Hernia, etc. We show you the latest made. We feature many types, to suit any condition. Famous Dohse, Security Guard, Hand Lever, etc., etc. from many companies, specializing in this work, exclusive with no leg straps, no gouging bulbs, no leather, no harness, to become soiled and worn out, etc. Our Trusses feature concave shapes, which reduce Hernia, they are also washable, light in weight, built strongly for long service, easy to put on and wear safely in your daily work. Cost no more than ordinary trusses, and most younger. Both sets get new pep. New "get-acquainted" size only 60¢. At all druggists.

## RUPTURED?? HERNIA

Do not neglect your body, put your condition under control. It's important to your future, daily comfort, and general health, and you will find British Distributors a good place to deal with this delicate condition. Free and expert service always available at this branch office. (Mr. WORKINGMAN, note special hours during the expert's visit here, you can call after working hours and lose no time.)

## SLEEPING ALEXANDRA MISSES SEND-OFF AT FREDERICTON

FREDERICTON, N.B. (BUP)—The Duchess of Kent and her daughter travel west to Montreal today after winding up a tour of the Maritimes.

The attractive Duchess and 17-year-old Princess Alexandra left Fredericton early this morning for Newcastle.

A handful of people who showed up at Fredericton's Union Station to say goodbye to the Royal visitors, saw only the Duchess, dressed casually in skirt, blouse and yellow sweater.

"The little group asked to see Alexandra, but her mother confided this would be impossible. 'She had a good time,' she said, 'she's still asleep.'"

### CUT YOUR HEATING COSTS 7 WAYS!

Use Standard Furnace Oil with THERMISOL to:

- Prevent Filter Clogging

### LANDS GENTLY AS A CUP OF TEA

## Wingless 'Flying Bedstead' As 'Revolutionary as Jet?'

FARNBOROUGH, England (AP)—Britain's "Flying Bedstead," a wingless 3½-ton wonder that takes off and lands vertically, "can be set down as gently as a cup of tea," the man who has flown it said today.

Ronald Seppherd, flying consultant to the Rolls Royce aero engine firm, described the craft to reporters at the big British aviation show here.

"The whole thing stands on four tubular legs," he said. "Its two jet engines are held in a tubular construction and the pilot sits on top."

Existence of the experimental craft was disclosed Monday by Supply Minister Duncan Sandys. Sheppherd said on its first flight that craft was tethered to the ground with strong wire ropes and lifted only five feet in the air.

Later it made several free flights up to 100 feet and more. It is held in the air by the downward hush of its jet

streams. The jets can be deflected to make it move over the ground.

Sandys said the experiments may well lead to a "revolution in aeronautical development" as important as the introduction of the jet engine.

Mention also was made of the U.S. lead in helicopter development. The supply minister said he expects the British aircraft industry to gain a world lead in jet-driven helicopters as it has done in jet airliners.

He said exports of British planes and airplane engines are earning more than \$168,000,000 a year for Britain.

### HERMOVENT

### ELECTRIC HEAT

- Luxurious, evenly distributed heat.
- Clean, economical—healthful as sunshine itself.
- Thermostat for automatic individual room control.

# 27 Die in KLM Airliner Crash

## Mud, Gas Fumes Claim Victims In River Shannon Tragedy

SHANNON, Ireland (AP)—A big KLM Royal Dutch airliner bound for New York with 56 persons aboard crashed into the muddy River Shannon's broad mouth before dawn Sunday. Twenty-seven persons are missing, and have been given up for dead.

Some of the victims were feared buried alive while struggling across a mile of treacherous mud after escaping from the plane. Three members of the Dutch crew of 10, one a stewardess, were among the missing.

Twenty-two passengers and seven crew members were rescued. The big four-engine Super Constellation, with 26 American passengers on the manifest, smashed down in early morning darkness a few minutes after taking off from Shannon airport. The plane had stopped over here on a flight from Amsterdam, Netherlands. Ten Americans were among the missing.

No Canadians were listed among the passengers. It was the second KLM airliner crash with heavy loss of life in 13 days. A Skymaster crashed into the North Sea Aug. 23 after a stopover here

## COURAGEOUS STEWARDESS LOSES LIFE

NEW YORK (UP)—Dr. Ernest Bettman, the first survivor of Royal Dutch KLM airliner crash to reach here credited the plane's stewardess, Hilda Loewenstein, a stateless anti-Nazi refugee, with saving the lives of many of the survivors of the wreck.

"It was pitch dark," he said, "but I could hear her encouraging people. She was giving despairing people courage."

He said Miss Loewenstein herded passengers to safety through an escape hatch as gasoline, mud and water poured into the airplane.

Miss Loewenstein never left the plane. She died in the battered fuselage after being overcome by gasoline fumes.

## Arthritis Rheumatism Vital Facts Explained

FREE DESCRIPTIVE BOOK  
As a public service to all readers of this paper, a new 44-page highly illustrated book on Arthritis and Rheumatism will be mailed ABSOLUTELY FREE to all who write for it.

This FREE BOOK fully explains the causes, ill-effects and danger in neglect of these painful and crippling conditions. It also describes a successfully proven drugless method of treatment which has been applied in many thousands of cases.

This book is yours WITHOUT COST or obligation. It may be the means of saving years of untold misery. Don't delay. Send for your FREE BOOK today. Address The Ball Clinic, Dept. 5228, Excelsior Springs, Mo.

THESE THREE YOUNGSTERS took silverware and biggest share of cash awards in Labor Day's ninth annual Victoria Soap Box Derby. Vancouver Island champion Tommy Millard, Chemainus, is at left, while Joan Barlow, Victoria, class B champion, and Wilf Tucker, Victoria City champion, share in the limelight. A record throng was in attendance. (Times Photo.)

## Chemainus Speedster Winner Of Ninth Island Soap Box Derby

New Vancouver Island soap box derby champion, Tommy Millard, of Chemainus, won an armful of trophies and \$50 cash in the ninth annual running of popular coaster races Labor Day.

By eliminating Glen Woodley and Norman Morrison, also from Chemainus, the 15-year-old Millard took The Victoria Daily Times perpetual and duplicate trophies plus the cash award offered in class "A" competition.

A record crowd of 4,000 turned out under clear skies to cheer the junior car racers on the Yates Street hill.

In the three main championship races, a total \$225 cash was given winners and trophies were presented by Gibson's Bowladrome and derby committee in addition to The Times awards.

Victoria city and class "B" championship prizes were both won by city drivers, one of them a girl. Joan Barlow, 12, 2523 Asquith, is the new class "B" champ, and Wilf Tucker, 14, 2632 Shelbourne, the city class "A" title holder for his second season.

**UP-ISLANDER WINS**  
Port Alberni figured in trophy winners too with 12-year-old Garry Hintz taking the Langford Speedway silverware for the best looking car in the derby.

Glen Woodley, Chemainus runner-up in Vancouver Island championship honors, was beat out in semi-finals in 1953 running when Jerry Hansen, Port Alberni, successfully defended his title for the second consecutive year.

Hansen will retire undefeated; later this year he becomes too old to enter the competition. Age limit is 16.

Ken Barlow, brother of Joan Barlow, only girl entrant, won second place in Victoria City running. His was a close race with Tucker's car No. 1, sponsored by Butchart Gardens this year.

Second place in Class "B" trials went to city driver Drew

Smith, 1705 Kisher, and third to Gordon Barefoot, 820 Phoenix. Besides cash and trophies in the two main events, B. F. MacDonald Ltd. will present beam spotlights to first-place winners as special prizes.

Times publisher Stuart Keate presented the Times grand championship trophy and Walter Stipe, Wilson Motors, gave cash prizes in that class.

Rod Hendry, Gibson's Bowladrome, presented Gibson's Victoria City championship trophy.

Magistrate A. I. Thomas presented the Blue Line trophy for Class "B" racers. He was assisted by Ald. Frank Mulliner and E. L. Lieut. B. Collings, local recruiting officer.

Police Chief John Blackstock presented the Langford Speedway trophy.

City police, Legion of Frontiersmen and St. John Ambulance members were in charge of the crowd.

Electrical power failed for a short time at the midpoint of the derby, causing a communications tie-up, but events went off with slight delay.

An exhibition race between representatives of the three derby sponsors provided an interlude of by-play and was received enthusiastically. Joe Barlow, Victoria Knights of Pythias, topped first place with his daughter's class "B" racer, with Wilson Motors' Fred Wil-

kinson second and Timesman Ah Kent trailing. Complete results are as follows:

Grand Championship—Tommy Millard (Times trophy), \$50; Glen Woodley, \$25; Norman Morrison, \$10.

Victoria City—Wilf Tucker (Gibson's Bowladrome trophy), \$40; Ken Barlow, \$20; Ken Bewick, \$10.

Class "B"—Joan Barlow (Blue Line trophy), \$30; Drew Smith, \$15; Gordon Barefoot, \$7.50.

Best Looking Car—Garry Hintz (Langford Speedway trophy), \$10; John Aason.

## Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, rosey, party taste or feeling. Doesn't cause rashes. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

## HEARING-AID OF THE WEEK

### PROGRESS

In 1938, R. S. H. Tye, a graduate teacher of lip-reading, opened the Victoria Hearing-Aid Co. in this city.

At that time very few people with hearing-aids were to be seen in public. Today hearing-aids are seen almost everywhere. In 1938 learning to use an instrument was quite an undertaking as the sets were carbon type and seemed to amplify excessively the unwanted sounds. Then came vacuum-tube hearing-aids which are far more clear and natural than the carbon.

In 1953 the All-Transistor models come on the market, which have no tubes and use only one tiny self-contained battery which lasts hundreds of hours and gives a far more natural, restful hearing than vacuum-tube hearing-aids.

If you have a hearing problem you are invited to get in touch with Mr. Tye at the Victoria Hearing-Aid Co., 326 Yarrow Bldg., 625 Fort St., and take advantage of his experience in fitting hearing-aids. He wears one himself, and has done so for twenty-five years.

## WIFE-SAVERS!

Greatest "wife-savers" in the home today are Milady paper products.

There's a Milady paper product designed to speed and lighten every household chore for the home-maker.

If you haven't already met the Milady family of quality paper products, be sure that you do the next time you shop. You'll be so glad that you did. They're the greatest "wife-savers" in the home today!

## Milady WAX WRAP

The perfect protective covering for all foods is Milady Wax Wrap, the heavier wax paper. In its handy dispenser, it's ever ready for protecting foods for storage, for packaging lunches, and countless other household wrapping needs. And you can economize by getting the low-cost refill rolls, now at your grocer's. Put Milady Wax Wrap at the top of your shopping list now.

## Milady NAPKINS

There's no clean-up fuss or muss, no laundry work or cost when you use Milady Paper Napkins in luncheon and dinner sizes and beautiful colors. You simply dispose of them after the meal, snack or television party. Smartly styled, soft and luxurious in quality, they are always in perfect taste. Yet they're so inexpensive you can always get several convenient packages when you're shopping.

## Milady BLUE TOWELS

For a clean sweep in kitchen or bathroom in jig time, Milady Blue Towels, so strong when wet, are the answer. And they have so many other uses, too. Ideal for draining fried foods, fruits and vegetables, blotting up spills, cleaning stoves and fixtures, as shelf covers. Grand for the playroom, nursery, den, car and garage. You can't have too many rolls of Milady Blue Towels in the home. Make them a "must" every time you make out your shopping list.

## The Respectable Russians

MR. EDWARD CRANKSHAW, probably the most reliable British scholar of Russian affairs, notes a curious change in the surface of the Soviet state. It may mean little or much.

"Gradually, almost imperceptibly," Mr. Crankshaw writes in *The London Observer*, "Soviet domestic propaganda has been shifting its emphasis so much that to compare the week's output of the Soviet press today with that of a week taken at random from last year's files is to find an almost revolutionary difference."

Russia's current soft line in international affairs, the advocacy of peace, the welcome to British visitors, and the attempt to isolate the United States as the only dangerous nation in the world, are all obvious. Mr. Crankshaw thinks, however, that the change in the government's propaganda line goes much deeper than that, for it is aimed directly at the Russian people.

The government's purpose, says Mr. Crankshaw, is to make the Russian people feel more secure, to change the national psychology from alarmism to confidence. "The Malenkov Government is evidently concentrating a great deal of its energies on building up a strong, stable and optimistic society, regardless for the time being of what may be going on beyond the frontiers of the Soviet Union. Whether this is primarily, the outcome of anxiety or a new confidence it is hard to tell. It probably is a mixture of both."

Anyway, Russian communism, which attempted originally to destroy all the old-fashioned virtues of so-called capitalist society, has suddenly re-discovered these virtues and is cultivating them—hard work, re-

spectability, sobriety and a happy family life.

Some such sort of spiritual reform clearly is needed in Russia. Its press is now filled with reports of widespread alcoholism, vice and general irresponsibility. This is not surprising when the old-time communists of the Revolution preached free love, easy divorce, and contempt for the family.

That aberration was repealed by law in the late 30's when Stalin saw where it was leading, but law of itself cannot change men and the Soviet government continued to defy all capitalist conventions and the moral code of the western world.

Today the Malenkov Government is beating a hasty retreat from the revolution in morals and the Russian citizen is being urged to imitate the very Western ways which were so long attacked as unworthy of the true communist.

Thus the current propaganda soft-pedals the old bogey of "capitalist encirclement" as the sole cause of Russia's troubles. Instead, the people are being told that they can have a better society if they work harder, if relations between workers and management are improved, if they educate themselves and live a sober, normal life—in short, if they behave more like their so-called enemies of the West.

All this conceivably could represent a subtle but fundamental change in the course of the continuing Revolution. But unhappily, while preaching the domestic virtues at home, the Malenkov Government continues to build up its armament, and the West must confront, in practical politics, not a happy Russian family of Victorian times but the revolutionary monster of the hydrogen age, still armed to the teeth.

## The PUC Strikes a Balance

GREATER VICTORIA BUS patrons should find the Public Utilities Commission ruling on local fares acceptable. The cash fares for the three zones will remain at the present level. The eight per cent reduction in service was not opposed by the municipalities when first requested, and can no doubt be worked out so as to cause a minimum of inconvenience to the traveling public.

In rejecting the B.C. Electric application for a rate increase in Victoria—the Vancouver request was granted—the PUC has given official recognition to the principle that the company's operations must be viewed from an over-all standpoint. In other words, the profitable returns from sales of light and power must be used to offset losses on transportation—a form of subsidy which raises some interesting questions.

In this connection the comment of Commissioner R. E. Potter should be noted: that although the B.C. Electric is not yet earning the maximum rate allowed by statute on its distribution system, the returns are "approaching it rapidly."

Although a computation would involve many difficulties, it is probably true in a general way that the larger users of domestic electricity, representing the higher income brackets, will in effect subsidize the transportation of lower income workers and housewives. While this

provides a temporary panacea, it is questionable how long one phase of the company's operations should be made to support another.

In reaching a decision the PUC had regard to the fact that there is an elastic demand for bus service. Increasing the fares results in a falling-off of patronage, and it has been estimated that for each ten per cent rise in rates there will be three per cent fewer bus users. Obviously there are definite economic limits to fare increases.

There will be some speculation regarding the Commission's suggestion that if there are further increases in the cost of providing service, the municipalities should "co-operate with the company with a view to finding ways and means of avoiding a further increase in fares."

Such "co-operation" conceivably could run all the way from additional reductions in routes and service to outright municipal subsidy. The question of downtown parking could also be involved, with a view to discouraging daily commuter use of cars, inasmuch as the company has contended that the high ratio of private cars per capita in Victoria is an important cause of losses in transit operations.

But these are considerations beyond the present decision. The PUC is to be commended for its efforts to achieve a workable solution.

## An Honored Guest

VICTORIA IS HONORED TO BE host today to the Most Reverend Geoffrey Fisher, Archbishop of Canterbury. His six-day visit here will mark a highlight in the history of the local Anglican community. The promised attendance at his public appearances while here, indeed, testifies to an interest that cuts across denominational lines and places the Primate's message on a universal basis.

All who attended the Coronation, or who participated vicariously through radio or films, will long remember the Archbishop's conduct of the ceremonial, the solemnity of his voice and the sincerity of his

bearing. As he placed the crown on the Queen's head he was performing a religious act that has its roots deep in British history and tradition and is symbolic of the Christian character of the monarchy—a connection in spirit that has survived the formal separation of church and state.

These things will be in mind as local citizens meet or hear the Archbishop. And they will lend to his utterances a historical context unique among ecclesiastical personages.

Local residents of all faiths and creeds will follow the Primate's visit with interest.

## Law Beyond Color

IN THE QUIET MANNER EXPECTED of the judiciary an African judge has made a notable contribution to the cause of better racial understanding.

From his seat on the Supreme Court Bench of Nigeria this official has reduced sentence against a British citizen who faced a heavy penalty. The Britisher, a colonial officer in charge of developing the native pottery industry of Nigeria, had set his dog on a native pedlar. For that offense an African judge had imposed a £200 fine and ordered 30

strokes with the cane. On appeal, the Supreme Court judge has reduced the penalty to £30, without the beating.

The British official must appreciate the fact that he has not been excused for the improper action he took. He must, at the same time, understand that he is not being made the victim of a color prejudice.

The law in Nigeria appears to have administered justice and in doing so has avoided the extremes of passion. Dignity, in this instance, seems to rest with the Nigerian.

## LOOSE ENDS

By BRUCE HUTCHISON

## The Big Deal

MR. GRANT DEXTER, doubtless the greatest political reporter in modern Canada, is back at his old work bench in Ottawa after a long absence; and his first report to *The Winnipeg Free Press* has a special interest to us in British Columbia. For he definitely confirms the views of Mr. Finlayson and the B.C. Conservative rebels. The long-term strategy of the national Conservative Party, Mr. Dexter says, is a working deal with Social Credit, just as Mr. Finlayson suspects.

MR. DEXTER puts the inner Conservative calculation as follows: "There is little in common between the Social Credit and the Conservative Parties in the House of Commons and there is no desire, so far as may be learned, to change this. The Conservative leaders ignore the federal Social Credit Party and look to the Social Credit Governments in Alberta and British Columbia."

"They regard these Governments as conservative Governments representing conservative policies and opinions; and they feel absolutely certain that the Conservative Party could safely rely upon their active support and assistance if it meant taking office in Ottawa."

THAT is to say, if Mr. Dexter could build up a substantial parliamentary following in the next national election but lacked a clear majority, he would count on the support of the Social Credit members for Alberta and British Columbia. And he would count on them, because they would be dominated by the Alberta and British Columbia Governments, which are the only real custodians of Social Credit in the country.

It would be interesting to know what Mr. Bennett thinks of these prospects. He has said repeatedly that Social Credit will come to office in Ottawa by "two bites" (the first of which, last year, hardly penetrated the outer integument of politics).

BUT Mr. Bennett is a lifelong Conservative and so is his right-hand man, Mr. Bonner. If the Conservative Party had a chance of taking office in Ottawa, and needed only the support of a Social Credit splinter, would men like Mr. Bennett and Mr. Bonner deny Mr. Dexter this help? Would they prefer to see the Liberal Party remain in power rather than to unite with the Conservatives? Not likely.

Mr. Dexter's gamble is obviously based on the assumption that, in the pinch, Social Credit and Conservative would come together. Under these conditions, the agony of the real Social Crediters, who are not Conservative and follow a financial policy horrifying to any Conservative, can be imagined, but these people—in the Conservative calculation at least—are expendable.

WHETHER the Conservative Party in Ottawa is right about the attitude of Mr. Bennett and Mr. Manning remains to be seen.

But certainly Mr. Dexter's version of higher strategy is precisely the version of the Finlayson rebels. They broke with Mr. Dexter because they suspected that he was quietly seeking a deal with Social Credit at an appropriate moment, some time hence. Evidently they have good grounds for this suspicion, though they could not document it with public proof.

In the nature of politics Mr. Dexter cannot document it either. Mr. Dexter, quite properly, does not go about announcing his secret plans. So far as I know, however, in thirty years of experience with him, Mr. Dexter has never been wrong about any large event in Canadian politics. If there is any accepted authority on that subject it is Mr. Dexter, who has lived among the politicians of Ottawa since boyhood and faithfully reported their affairs since 1924.

WE can be perfectly sure that his version of present events is accurate, that Mr. Finlayson was right in his own assumptions and that a deal between the Conservative Party and Social Credit is one of the two cornerstones of Mr. Dexter's long-run program.

The other, of course, is Quebec, where a deal of the same sort with Mr. Duplessis is now being ardently sought.

Such affairs must not be brushed aside as only the wriggings of an opposition party, out of office since 1935 and desperate to find a road to recovery. They are political manoeuvres, to be sure, but one way or another they must vitally affect the business of the nation in the next three or four years, for better or worse.

## Highest and Fullest

Canadian Chamber of Commerce  
News Letter

The highest standard of living in the world and the fullest development of freedom of conscience and the dignity of the individual, have been achieved on this continent in the atmosphere of freedom which is generated by the system of private competitive enterprise. To undermine the foundations of this system would be to undermine the rights of the individual, and history has shown us clearly enough that when the individual relinquishes his rights, then to that extent the authority of the state is increased. To retreat from capitalism would be to back closer to the abyss of socialism. We are reminded of the statement of Pasteur—"The true democracy is that which enables an individual to make the maximum of effort in this world. Why must it be that alongside this fruitful democracy there must be another, sterile and dangerous, which under some chimerical pretext of equality, dreams of absorbing the individual into the State? This false democracy has, I would go so far as to say, a love of mediocrity. Anything above the ordinary it finds suspicious!"

## From Our Files

Sept. 7, 1894—A telegram today informed the Victoria Liberal Association that Hon. Wilfrid Laurier and his party will reach this city Sept. 9. After meetings in Victoria and Saanich, the party will go to Nanaimo.

Sept. 7, 1914—The cornerstone of the new First Presbyterian Church (now the First United) was laid at 10:30 this morning in the presence of a large congregation by Hon. H. E. Young, minister of education.

Sept. 7, 1934—Tandem motorcycle riding in which the passenger sits on the driver's seat and the driver forward on the gas tank is banned. In police court today a fine of \$3 was imposed for an infraction.

## DENNIS THE MENACE

"BUT NOBODY'LL SEE ME UNTIL TOMORROW!"

## For the EDC Plan That Died Aborning—A Substitute

BY WALTER LIPPMANN  
From Washington

FOR the second time this year we have stood immovably with a policy, and have had to watch it fail. In the spring it was the Navarre Plan for the military recovery of Indo-China and now it is the European Defense Community.

In both cases there were warnings that at the best the prospects of success were slim, and that no time should be lost in preparing an alternative. In the case of the Navarre Plan or EDC proved unworkable.

And so, having lashed ourselves to the mast, we have gone down twice with a sinking ship. Fortunately we are a great country and have at least nine lives, or we could not afford to be so misinformed and so inflexible.

Nearly a year ago it was plain enough in Paris that the odds were heavily against EDC. I was in Paris at the time, and I had been told in Washington before I left that there was a small numerical majority in the National Assembly for EDC; the treaty would be ratified as soon as a French Government brought it to a vote. Inquiry in Paris showed that the report was seriously misleading.

If there was any numerical majority for the treaty, it cut across most party lines. Thus the deputies who might vote together to ratify the treaty would not vote together on anything else. A majority, if it was actually there, was not a true parliamentary majority in that no government could be founded upon it.

The heterogeneous collection of deputies who favored EDC could not provide France with a government. Conversely, any majority which would support a government would be incapable of ratifying EDC.

That was why until Mr. Mendes-France, no government, no matter what it said in favor of EDC and no matter what assurances it gave to us, ever ventured to bring the treaty to a vote. All the prime ministers have known that their government would fall for there was no real majority that would support the treaty and also a government.

### IMPUDENT STUBBORNNESS

To press for EDC as such, for EDC and for nothing but EDC, was to stake everything on a lame horse. It was impudent to be so stubborn. It was untenable and deeply defeatist argument to say that only through EDC could any of the great objectives of western policy be realized: the reconciliation of France and Germany, the reintegration of Germany into the Western Community, the restoration of German sovereignty, the rearing of the German state, the control of the use of German armed forces, and the advance toward European political union.

It was never certain, to many of us it was not even very probable, that EDC if ratified would promote these great objectives. Be that as it may, when it could not be ratified, to insist upon it was not to make a road but to set up a road-block on the way toward European unity.

A reappraisal of EDC, which is now forced upon us, could and should have been made a year ago.

Nothing but harm has been done to the objectives by American and British action in lining up Germany and the other EDC powers against France, by hardening their refusal to negotiate seri-

## Recess for Mother

## As Our Readers See It

### BUTTER USERS

Heat test your butter, regardless of the brand or the price you paid. If your brand is the same as we were using you will be surprised. Heat melts the butter first. What is left of a firm mass, what it is, your guess is as good as mine. Next put in the refrigerator for 10 hours to see how much milk appears.

J.S.C.

### BEAUTIFICATION

After 20 years of trying to get something done to improve our beautiful waterfront, I see they have decided to do something.

Of course I realize you must have

money to do these things. I wish the powers that be would bulldoze a walk 10 feet down from the surface of the bank top. Plant quick-growing shade trees and seats and lights every 100 feet.

Copple boys could bulldoze a 10-foot sidewalk from Holland point to Cook Street, or a little further for a very small amount if approached on such a worthy project. Beautifying the surface between Holland and Menzies is a very splendid idea. Much power to the powers that be in their great work of beautification of our already lovely city.

BILL ARCHER.  
1826 Government Street.

## A Study of Juvenile Delinquency

DURING April, May and June the Victoria Local Council of Women undertook a study of juvenile delinquency in this community. Various committees surveyed different aspects of the problem. Following presentation of their reports, the central committee, under the chairmanship of Mrs. J. M. Thomas drew up findings and recommendations. They appear in numbered paragraphs below:

1. There has been no general increase in cases of juvenile serious crime in Canada, nor in Victoria. In Canada, it has dropped from 6 of 1 per cent in 1942, to 3 of 1 per cent in 1951 (age 7 to 15 years). In Victoria, in 1953, it was approximately 4 of 1 per cent (age up to 18 years). Nevertheless, the situation is not one of complacency, but rather for encouraging and for increased action against conditions which produce juvenile delinquency.

2. Greater emphasis should be put on indications earlier in life. Teachers in elementary schools should be trained to observe maladjustment, and counsellors in junior and senior high schools should have adequate special training for their jobs.

### MORE TRAINED STAFF

3. There should be an increase of specially trained staff in the mental liaison between school cases, the homes, and the Child Guidance Clinic.

4. There should be an increase in services by an increase in the fully trained staff in the Child Guidance Clinic.

5. There should be established in Victoria a family court, to work in close conjunction with the juvenile court.

6. Adult education groups should emphasize the importance of more family recreation, such as picnics, reading, music, etc.

7. That adult groups interested in fishing, hunting, etc., be encouraged to form more junior groups.

8. That the community programs branch of the Department of Education be asked to make a study of camping, especially for family groups.

### RECREATION CENTRES

9. That there should be supervised recreation centres for teenagers in neighborhood areas.

10. That there should be continued interest in improvement of conditions in industrial schools and Borstal institutions.

11. That encouragement should be given to the formation of a branch of the Elizabeth Fry Society in Victoria, to provide more follow-up work in the case of girls discharged from the Industrial schools.

12. That organized homes should be established under supervision, where young people could live for a time, while working and paying board, after discharge from institutions.

13. That it is desirable that there should be greater co-ordination among the agencies concerned with problems of juvenile delinquency, so that information of casework might be pooled.

### CLOSER CO-OPERATION

14. That there should be close co-operation between the principals of schools and the probation officers, and that more use be made of school counsellors records, both by the juvenile probation officers and by the judge of the juvenile court.

15. That the trained staff of the juvenile probation department be increased to include workers especially trained in case work, so that more extensive case work might be possible.

16. That a woman probation officer for juvenile work be appointed for the province.

17. That a woman probation officer for juvenile work be appointed for the Greater Victoria area.

ously, and by bringing the issue to a question of take it or leave it.

We should have pressed for negotiation among the French, the German and the British to find an acceptable revision of EDC, and we should never have made the mistake of insisting that what could not be made to happen must nevertheless be made to happen.

When we reappraise our own position we shall have to take seriously two major defects of EDC which have been very much underrated in the United States.

The first is that the treaty would have joined France more closely to Germany than to Great Britain. In the all-important field of military security and of policy related to it France would have been the close partner of Germany and only an associate of Great Britain. In so far as EDC tended to separate France from Britain, and to enclose her with Germany, it was a serious threat to the vital interests of France.

### MILITARY ARRANGEMENTS

This defect of EDC can be cured by adopting the rule that the military and security arrangements with Germany shall be the same for Britain as for France. Is there any reason why in the defense of Western Europe the obligations of France should be different from those of Great Britain? When Great Britain, whose life depends on the defense of Western Europe, joins a European defense arrangement, the critical obstacle to ratification in France will disappear. But the arrangement which Britain could join will not be the old EDC.

The second defect of EDC is that it does not recognize clearly and candidly enough that until Germany is re-united any arrangement with Western Germany is necessarily provisional.

We are making the same error about

Germany that we have made about France: we are underestimating the natural, normal, and quite respectable force of honest German nationalism. Germans as Germans, with no meddling by Nazis or Communists, are bound in the great mass to look forward as their main interest to the reunification of their country and in the end to the withdrawal of the foreign armies of occupation.

To say that the Western part of a divided Germany cannot be expected for very long to put "integration" with the West ahead of the integration of Germany is to say only that the Germans are a patriotic people.

If any security arrangement with them the provisional nature of their relationship with the Western military systems should be recognized.

### ON EQUAL TERMS

What next? The next phase is clearly foreshadowed by the visit of Mr. Mendes-France to Churchill immediately after the failure of the Brussels Conference. There will have to be discussions between Paris and London designed to find an arrangement for German rearmament in which both Great Britain and France can join on equal terms.

This is not an easy and agreeable prospect for the British. For they have wide responsibilities all over the globe and they have a deep and long dislike of continental entanglements.

But there are strong British voices saying that in Western defense and in the problem of Germany's relation to it, the vital interests of Britain and France are identical and inseparable.

That is the saving truth in this vast and sad confusion. For the United States it is only fair that it should be discreet, refraining from any notion of putting upon the British the kind of pressure that it has so unwisely put upon the French.

## Unquiet Urge to Study

THEY say a man's home is his castle, but you begin to wonder. You begin to wonder when somebody tries to turn it into a brain factory, when the boss of the house looks up from her end of the chesterfield and says loudly and disparagingly: "If you'd take your nose out of that western and put it into this pamphlet for a couple of minutes, it'd do you a lot more good."

That's what happens when the boss of a household starts to lean heavily toward self-improvement and Bob Wallace's syllabus on the Victoria College night classes arrives.

"Did you ever think," she muses in ungentle irony, "where you might be now if you didn't spend so much time jumping aboard one of those pulp horses and galloping off through the sagebrush? Did you ever hear that time is money? Did you ever realize what a spendthrift you are? Are you going to pass your whole life in a Luke Short or Ernest Haycock dreamworld? Don't you think that when somebody wants to start a conversation you ought to be able to say something more than 'Heigh-ho Silver' or just plain 'dagh'?"

"If you'd taken that course they offered at college a couple of years ago on investing your money, think of how we might be fixed now—if you'd had any money to invest. Okay, money isn't everything, but there's lots of other stuff that would be good. Enriching, they call it. It would stimulate your brain. I keep hearing that you have a brain."

### Ein Prosit

"C'mon. Take a look at these courses. They've got one in Beginner's German. Why don't you take a crack at it? You'd like German. Every Christmas time when your friends drop in you start singing 'Ein prosit, ein prosit, der gemuetlichkeit'. Sure, it gives you a chance to brag about being in Berlin for a week in 1933, but the way you mangle

that last word of the song makes it kind of embarrassing for me and the rest of the family. Outsiders don't realize you strangle your tongue through it because it's too tough for your tongue. They get the wrong idea—or do they?"

"If you put your mind to it, you might even be able to try Lieder. What you'd do to Lieder might be bad. Yep, it would be bad. But since nobody'll let you sing the Wiffen-puff Song anymore, I guess you have to have an alternative."

"You don't even have to go into these academic subjects, if you don't want to. They've got another course in more effective reading. I'd like you to take that. I would, really. I get tired of seeing you follow a line of type with your finger while your lips move as you spell out the words."

"Or you could take that non-credit course in 'British Columbia Before and After.' A lot of your friends are giving lectures in it—Cliff Carl, Charlie Guiguet and Wilson Duff. You've been stealing their stuff for years in the nature pieces, fish stories and Indian background you've been writing. Why don't you pay for some of it by chipping in your fees?"

### GENTLE PERSUASION

"Look at it this way. You might just as well go to night school if I take up woodwork in the city's evening classes. You stay around here and try to read westerns while I'm hammering on the cupboards you haven't made, when I'm putting on those shelves you haven't got around to fixing, and you'll get a headache from the noise. And if you just sit down with 'Gunslingers of Deadman Gulch' while I'm working, I'll hit you on the head with my hammer."

"Sharpen up. Get intellectual. Go to the college night school. It'll be good for you. Good for your work, too. You can't keep on pitching these soft bopper balls all the time. If you do, you'll get knocked clean out of the park. Maybe you deserve to be. But don't forget, you've still got a wife and three kids to feed. You'd better improve yourself."

### VOICE OF BROADWAY

By DOROTHY KILGALLEN

## The Bulletin Board

(Miss Kilgallen appears each Sunday night on "What's My Line?"—K-T-V-TV, Tacoma, at 7:30 p.m.)

**NEW YORK — PAULETTE GODDARD** and novelist Eric Maria Remarque have ended their long-run romance, friends hear. And they say the curtain scene featured plenty of pyrotechnics. . . . Billy Daniels' defense against the 24-year-old blonde who is suing him for \$75,000 (alleging the crooner kicked and beat her in his night club dressing room) will be an all-out attack on her character and reputation. . . . Julie Newmar, one of the brides in "Seven Brides for Seven Brothers," soon will duplicate her happiest scene role. Motion picture writer Louis L'Amour slipped an engagement ring on her finger while they were lunching at Sardi's the other day.

Rita Hayworth and Dick Haymes have their foreign film operation all set up and ready to go. The only thing lacking is the okay for Dick to get back into the United States once he leaves. . . .

**JIMMY DORSEY IS TALKING** of taking his own band on the road again. No trouble with Tommy; he's just getting the urge to lead a crew of his own. . . . Sammy Renick and Marianne O'Brien Reynolds plan to get under way with their stable of horses as soon as she returns from Europe. . . . Mrs. Ken Later, wife of the theatrical agent, is in Mexico to seek a divorce. . . . Joanne Connelley Patino's hideout in Rome, where she secludes herself from the press,

is Villa Spiga, home of Agosty's foreign correspondent, Mike Stern. . . . One of the theatre's most distinguished actresses looks years younger after a face-lifting operation. . . .

**THOSE WHO CROSSED ON THE SS.** United States with Christine Jorgensen say her mambo was the wildest thing that happened on the voyage. . . . Tin Pan Alley's hottest rumor has RCA-Victor trying to lure Kay Starr from Capitol Records, with a possible TV show of her own as part of the bait. . . . Pat Knight, ex-wife of Cornel Wilde, is being wooed by Niels Larsen.

Local 802's five-day week demands may force a number of cafes to discontinue music and may mean similar trouble at presentation houses. . . . Linda Darnell and Phillip Liebman are thinking of adopting a baby when they return from their European honeymoon. . . . Local bookmakers say betting on baseball is heavier this season than betting on horses. . . . Frances Gray Patton's novel, "Good Morning, Miss Dove," has not been published yet, but 20th Century-Fox paid \$50,000 for it. . . .

**THE LAS VEGAS STORY IS THAT BILLY** Rose can have \$100,000 a year plus a piece of the profits if he'll say "yes" to the hotel group that wants him as entertainment director. . . . Stan Goetz, who's been absent from jazz circles for months, is available for bookings again. . . . Shocking news for the crowds that punish the parqu岸 at El Morocco: Chauncey Gray will leave the zebra-striped bandstand after all these years and move to Serge Obolensky's Ambassador. . . .

## WEATHER SYNOPSIS

### CITY'S WEATHER RECORD

Sunshine, 1954 . . . 1,551.0 hours  
Last year . . . 1,538.8 hours  
Precip. to date . . . 17.45 inches  
Last year . . . 17.33 inches

**SYNOPSIS**—The weak disturbance which crossed the coast during the night will move eastward over the province in the next 24 hours with scattered showers to mark its passage over the interior. Another more active disturbance now approaching the coast will bring fresh southerly winds and rain to the Queen Charlottes and the west coast of Vancouver Island this evening and more extensive rainfall to the southern coastal areas overnight.

### PUBLIC WEATHER OFFICE

**9 A.M. FORECASTS**  
Forecasts valid until midnight Wednesday  
VICTORIA: Cloudy today and Wednesday. Intermittent rain tonight. Little change in temperature. Winds light. Low-high, 52 and 62.  
Low-high, 52 and 62.  
Becoming continuous toward evening. Cloudy with occasional showers Wednesday.

### AT LAW MEETING

## Immigration Resolution Washed Out

**WINNIPEG (CP)**—The Canadian Bar Association has decided against taking any action at this time on what a sub-committee calls Ottawa's failure to seal off avenues open to injustice in citizenship and immigration laws.

The association Saturday at the final session of its annual meeting voted 63 to 59 to refer the report on the subject back to its civil liberties section for further study.

As a result a resolution calling for reforms in immigration procedure was washed out before it got to a vote.

The feeling seemed to be that enough of a storm was stirred up when the sub-committee made some of its findings public earlier in the week; that, in addition, the sub-committee recommendations which were the basis of the suggested resolution had already been passed on to the government.

### WEST COAST—Intermittent rain today

Light change in temperature. Winds light, increasing to southerly 20 in exposed areas this evening, diminishing overnight. Low-high at Esquimalt, 54 and 60.

### VANCOUVER, GEORGIA STRAIT

Clouds today and Wednesday. Occasional light showers Wednesday. Little change in temperature. Winds light. Low-high at Vancouver and Nanaimo, 52 and 62.

### Milker Electrocutes 43 of Farmer's Herd

**NORWALK, Calif. (AP)**—Dairyman Gerben van Dyke drove 24 of his herd of 110 cows into his barn Monday and prepared them for milking with an electric milker.

He threw the switch and all were knocked to the ground. Police reported 13 dead by electrocution.

An investigation indicated a defective motor apparently caused a short circuit.

Van Dyke, who came here from Holland six years ago, estimated his loss at \$4,030. Said he, shaking his head: "Nothing like this ever happened in the old country."

### Cardinal Warns Of Soviet 'Peace'

**ALBUQUERQUE, N.M. (AP)**—Francis Cardinal Spellman, Roman Catholic Archbishop of New York, warned Americans Monday of the danger in accepting "a Soviet, atheistic peace."

In a speech prepared for delivery to a civic luncheon, Cardinal Spellman termed it "foolhardy" for man to believe he can piece together the shattered fragments of civilization and rebuild God's world without God's help.

The Cardinal urged that Americans "awaken to the truth that America is no safer from mastery by communism than was any European country where we witnessed the killing and enslavement of whole peoples by Communists who, by the shedding of blood, became as if drunken with it."

### TREE-DWELLER HELD

**INDIANAPOLIS (AP)**—An unemployed air-conditioner installer, jailed on a charge of stealing food from a summer cottage, told police Monday that he had been living in a hollow tree since his wife left him last week. Ross Edwin Christy, 22, was arrested after boys reported seeing him wandering from a woods to get a drink of water from the outside faucet of a nearby house.

## Start Made on First A-Plant In U.S. to Make Electricity

**SHIPPINGPORT, Pa. (AP)**—Duquesne Light Company, U.S. private industry Monday took its biggest stride into the atomic age.

A private power company broke ground for the country's first full-scale atomic power plant for making electricity.

It was done in atomic age style. President Eisenhower, some 1,200 miles away in Denver, waved a radioactive "magic wand" to activate electronically a power shovel in this little town some 25 air miles northwest of Pittsburgh.

It's a joint effort of the Duquesne Light Company, Westinghouse Electric Corporation, and the Atomic Energy Commission.

The plant will cost an estimated \$45,000,000 to \$50,000,000. It will be finished some time in 1957.

## Science Shrinks Piles New Way Without Surgery

**Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

**To.onto, Ont. (Special)**—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And

among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name Preparation H. The price is only \$1.19 a tube including an applicator. The name to ask for is Preparation H—at all drug stores. And remember—if not entirely satisfied—your money will be refunded promptly.

## What's news at Inco?

# Delivering concrete by blow-pipe

YOU have seen concrete pouring down a trough from a mixer. Can you imagine this heavy, wet mixture being carried by a blast of air through a 6-inch steel pipe—blown up more than 200 feet, blown around corners, along the level or straight down for 1600 feet.

When Inco engineers decided that there would be advantages in using concrete instead of wood as supports in many parts of the Creighton mine they had to find a way to transport the wet concrete from the mixer to the working locations.

A continuous blast of air from the mine's high pressure system is used to carry hundreds of tons of concrete through the intricate mine workings. With new methods such as this, Inco is continually improving the efficiency of its mining operations.

# Rocks Nip Indians, Score Commission Ruling

## Lead Final Series, 3-1

## Tribe Could Protest Again

Shamrocks 6, Indians 5

By DENNY BOYD

Out of a chaotic week-end of bitter arguments, locked-door meetings and dire threats, during which the Intercity Lacrosse League rocked on its already wobbly foundations, came the following significant facts.

1. The victory Victoria Shamrocks scored over PNE Indians in Vancouver Friday night has been thrown out on the basis of a hair-splitting technicality.

2. Shamrocks regained that victory Monday night at Memorial Arena with another 6-5 victory over the Indians and again lead the best-of-seven series, three games to one.

3. Shamrocks, although they will go through with the remainder of the western series, came within an ace of kissing the series and the entire Intercity Lacrosse League commission goodbye, so incensed were

they over the commission decision that threw Friday's victory out the window.

On the last point, the Shamrock team held a dressing room meeting following the game and there was talk of pulling out of the Intercity League. But, realizing their obligation to their fans, Shamrocks have decided to finish out the series. They will file an appeal on the washed-out game.

Today, the roaring had died down to a simmering hum. But lacrosse in Victoria never came so close to blowing sky-high as it did last night.

### Bionda May Miss 'Bonus' Games

There is still another point to be considered. Had Friday's game not been tossed out, the series would have ended Monday night and Shamrocks would have had a rest before deplaning for the east and the Mann Cup series. What could hurt the Shamrocks is that Jack Bionda is due in St. Catharines at the training camp of the Toronto Maple Leafs Hockey Club. He was due to leave today but was undecided at a late hour Monday night what to do.

It was unbridled fury that carried Shamrocks to their victory Monday night in a gun-powder atmosphere that threatened to ignite in a riot at several points.

Shamrocks had to show a wealth of courage to come out on top as they fell behind, 5-3, in the third quarter. But with

the galling thought of the week-end's dealings and double-dealings as their spur, they scrambled from behind, squaring it in the third quarter and winning with the only goal of the red-hot last quarter.

Norm Baker's bounce shot, after Nip O'Hearn's perfect pass-out, tied the ribbon around the back-breaking game at 7:30 of the fourth quarter.

The Shamrocks, checking with fury and cold calculation, jumped into a 2-0 lead in the first quarter, on goals by Jackie Northup and Archie Browning. It was typical of the series that a jawing session followed Northup's goal, Indians claiming in vain that the shot did not go in.

However, Shamrocks came close to complete collapse in the second quarter when they were outscored, 4-1.

### The Jones Boys Had 'Em Talking

Mel Jones fired two goals on identical shots, at 1:55 and 8:33, and Ken Jones got a third at 9:50. Nip O'Hearn spun off two checks to square it again, but Indians went ahead once more off the following face-off when Gordy Nickle was allowed to sift in on Gordy Johnston unmolested.

It still looked bad for Shamrocks early in the third hour when the Jones boys continued their only family raid on the Shamrocks. Ken Jones scoring on a three-man break although Rocks at the time had a one-man advantage, Jake Proctor sitting it out in the penalty box. That made it 5-3 for Indians.

### Tillicums Lift Title In B.C. Championships

This was just about the biggest week-end in history for Victoria softball teams and Lou McCorkall's Tillicums played their parts to perfection.

Tillicums, city and Island Senior B men's champions, became the third city team to win a B.C. championship as they came out with the pennant from the B.C. tournament at Aldergrove. Other championship teams were Fletchers and Individuals.

Tillicums marched through the double-loss elimination tournament without a loss and their third victory, a 3-1 win over Vancouver Police Monday gave them the championship.

Tillicums opened their draw Sunday by defeating North Shore Firemen, 3-2, behind the five-hit pitching of Bill Konkin. Konkin struck out 11 and Tillicums got all their runs in the fifth inning.

Tillicums drew Vancouver Police in their second game and Denny Beauc pitched them to a close 3-2 win. Konkin came on in relief in the eighth to retire the side with the bases loaded.

Big Jack Elliott was the hero of the championship game with his booming bat Monday with a

### Minto Cup Final

WINNIPEG (CP)—Manitoba All-Stars moved into the Minto Cup junior lacrosse finals Saturday night by edging Long Branch Monarchs, 7-6, in the third game of their best-of-three junior lacrosse semifinal series.

The All-Stars, who won the first game of the series, 10-9, and lost the second 12-10, now will meet PNE Indians, British Columbia representatives, at Vancouver in the Dominion finals. The series starts tonight.

Boxla Stew Continues to Simmer

Victoria Shamrocks and PNE Indians, principals in the hectic Intercity Lacrosse League finals, are still at each other's throats, both on the floor and in the committee rooms. Stung by the decision that saw a previous victory thrown out by league officials, Shamrocks bounced back to regain the game with a thrill-

ing 6-5 decision over the tribe Monday night. Here, the clubs confined their battling to the floor, with Jake Proctor, left, and Kenny Jones, squeezing out Rocks' Archie Browning in one of the more rugged interludes along the boards. (Times Photo by Bill Halkett.)

## Fletchers Cop Bunting In B.C. Title Playoff

Using the words of president Don Fraser of the B.C. Softball Association:

"Irregardless of what you hear and read elsewhere, you, Cec Fletchers of Victoria are senior A men's softball champs of British Columbia."

In a short ceremony at Athletic Park on Sunday, Fraser presented the B.C. pennant to team captain Les Wilson after Fletchers had beaten New Westminster two straight in a best-of-three final series.

The round-robin tourney originally billed for the holiday weekend went by the boards after Vancouver MacLeans refused to compete in the tournament. MacLeans, on their own, billed the Western Canada Series in Vancouver starting Monday night.

As of now MacLeans are suspended from all competition under the jurisdiction of the B.C. body.

Moderns were no match against Fletchers. Ab Wiebe set them back with a 7-0 shut-out Sunday as Flori Gogean, the hitting star of the playoffs, banged out two extra base hits, including a two-run homer.

On Monday afternoon Fletchers scored a hard-fought 3-1 win after tallying all their runs in the second and third innings. Their single tally in the second came on a bad throw to third. Verne Evans scoring. In the third both runs were unearned on a passed ball at home.

Saturday: New Westminster 000-000-0-1-5 4 1; Castlegar 100-000-000-1-2 3 2; Batteries: Wilkes and Stoddart; Mitchell and Wanless. Sunday: New Westminster 000-000-000-0-3 9 3; New Westminster 000-000-000-0-1-3 4 1; Batteries: Grunert and Wanless; Hartley, McComb (3) and Stoddart. Sunday: New Westminster 100-010-100-3 8 2; Castlegar 001-100-000-2 5 3; Batteries: Wilkes and Stoddart; Mitchell, Grunert (3) and Wanless. Sunday night: New Westminster 000-000-000-0-0 2 1; Cec Fletchers 002-100-100-1 4 1; Batteries: McComb and Stoddart; Wanless and Glancy. Monday: Cec Fletchers 002-000-000-3 4 2; New Westminster 000-000-000-1-1 4 2; Batteries: Martin and Glancy; Wilkes and Stoddart.

### BOB FLEMING SETS GORGE VALE RECORD

Bob Fleming fired a sizzling 65 Sunday to set a new 18-hole competitive record at Gorge Vale Golf Club.

Playing in a foursome with professional Joe Pryke, Al Senior and Don Carlow, Fleming was out in 31 and back in 34 for his record-breaking performance. He three-putted the par-four 17th to take a five and his putt on the 18th just failed to go down.

The previous club record of 66 was jointly held by Fleming and Vic Lowe.

Fleming's card follows:

Par 4-3-4-4-4-5-4-4-3-6  
Fleming 4-2-3-4-4-3-4-3-4-31  
Par 4-5-4-4-3-5-3-4-4-26-72  
Fleming 3-5-4-3-3-4-3-5-4-34-65

### JOCKEYS MAY PROTEST

## Jockey Club Rejects Switch to Lansdowne

VANCOUVER (BUP)—The Ascot Jockey Club Monday rejected a request by the Horsemen's Benevolent and Protective Association to transfer the final 10 days of racing to Lansdowne Park.

The association had said there was little or no hope of the Exhibition Park track of returning to a "safer condition" within the next few days and president Bill L. Cohed called a special meeting for this morning to inform the association of the rejection.

The jockeys also were scheduled to meet today and it was understood they might refuse to take any mounts at Exhibition Park unless the track improves.

Meanwhile, the Ascot Jockey Club directors said they would stand firm on the decision.

Monday, a spill in the first race sent jockey Carl Snellings to the Vancouver hospital with a broken bone in the lower forearm.

Snellings was riding No. 10 Comotion when the horse stumbled while rounding a curve. Hospital officials said this morning he was in "fairly good" condition.

### RUTH OSTER STARS

## Individuals Retain B.C. Softball Title

Defending champion Victoria Individuals captured their second British Columbia senior B women's softball championship over the week-end, thanks to near-flawless pitching by Ruth Oster.

Competing in the championship, double-loss elimination series at Kelowna, Mrs. Oster was in fine form as she pitched three victories in two days to give Individuals the title.

Sunday afternoon Mrs. Oster limited Vancouver Nationals to three hits as Individuals scored a 5-3 final victory.

Mrs. Oster allowed Nationals five hits Saturday as the Victorians whipped Vancouver, 11-3, in their first tournament game. Mrs. Oster was reached for only three hits Saturday night as Individuals moved past Dawson Creek Rockets, 7-2.

Mrs. Oster showed perfect control and did not give up one walk in the three games. In an exhibition game Sunday night

## Alouettes Still Unbeaten

10 - Victoria Daily Times  
TUESDAY, SEPT. 7, 1954

BY THE CANADIAN PRESS

Montreal Alouettes, riding with the most dangerous passing combination in the east, are unbeaten so far this season in big-time Canadian football. There's a general feeling they will be around for the Grey Cup kickoff.

The Al's made the pre-season experts look good during the long Labor Day week-end by sweeping both games against Ottawa Rough Riders in a series that left them at the top of the Big Four Union race.

They whipped the Rough Riders 21-2 Saturday and 20-11 Monday to run their unbeaten record to three games. Only one question was left unanswered. The Montrealers have beaten two of the other three clubs in the league and most fans are wondering how they'll stack up against Toronto Argonauts.

The Argonauts, meanwhile, split a week-end home and home series against Hamilton Tiger-Cats, which was good enough to move them into second place two points behind Montreal. Argonauts lost 17-6 in Toronto Saturday but came back with a 21-7 win in Hamilton Monday.

In the Ontario Rugby Football Union, Sarnia Imperials moved into a first-place tie with Kitchener-Waterloo Dutch by trouncing Toronto Balmy Beach 24-0 at Sarnia Monday.

Saturday the Imps were edged 19-17 by the Dutchmen.

By BILL WALKER

One ominous crisis has passed, but another may ensue out of the welter of confusion today still surrounding the Intercity Lacrosse League playoff series between Victoria Shamrocks and PNE Indians.

Victoria Shamrocks, obviously incensed and embittered over the decision of the Intercity Lacrosse commission in upholding Indians' protest of Friday night's game, won by the Shamrocks, 6-5, Monday night voted to continue the series after threatening for a time to forfeit all succeeding games.

The Shamrock decision, a blunt "We'll play," was rendered at a meeting of team players and directors following Monday's 6-5 triumph over the Indians.

However, the Shamrocks also stated that they would appeal the ruling of the commission in ordering Friday's game to be replayed.

"We feel it is a bad decision," coach Red McMillan stated. Under the commission's ruling the game will be replayed if necessary; but as Kerrisdale Arena will not be available on Saturday night, the only date remaining for a possible eighth game in the series, it is likely the commission will have another problem on its hands if the series goes that far.

Coach Jake Proctor of the Indians stated he hadn't been told that the extra game would be played on Victoria's home floor. And he indicated that he would protest such a move.

"Why should we?" he said. "It's our home game and we're going to get it."

The controversial ruling under which Indians' protest was upheld, but a razor-thin technicality, but nevertheless covered in the rule book.

This, they claimed, violated the rules, as the ball should have been faced off in the Victoria end, the play reverting to the time the whistle first sounded.

On resumption of play, Victoria was given possession and shortly afterwards Jack Bionda

Blame Passed on to Referees

The commission, after four hours' deliberation, ruled that the referees, Bill Dickinson and Sid Greenwood, had erred in giving the Shamrocks possession and, as on the resulting play the Shamrocks had scored the winning goal with only 13 seconds left to play in the game, the ruling had a definite bearing on the game's result.

The penalty timekeeper, Sid Morrey, stated in his evidence that the Indians did have possession when he blew for the infraction against Proctor and it was on this evidence that the game was ordered replayed.

The commission also ruled that the timekeeper had erred in calling the Indians for having too many players on the floor.

Commissioners present at the meeting were Les Gilmore, Dr.

Frank Kenny and Ed Popham. The vote was not unanimous.

The essence of the Shamrocks' club meeting following Monday's game was that although they were bitterly opposed to the commission's ruling, and thought they had been handed a "raw deal," they felt it "only fair to the Victoria fans to continue in the series."

As matters now stand the next game of the series will take place at Vancouver, Wednesday. With the other two, if necessary, in Victoria, Friday and Saturday.

If that Saturday game is necessary, the commission is likely to have another fight on its hands.

Proctor was just as adamant on that point as were the Rocks on the replay decision of the commission.

## Doris Hart, Seixas Win U.S. Net Titles

FOREST HILLS, N.Y. (AP)—Long-frustrated dreams of a national tennis championship came true Monday for Vic Seixas, who had been tabbed "over the hill," and game Doris Hart, who once thought she might never walk again.

Seixas, 31, and twice before a badly beaten finalist, gave America's shaky Davis Cup hopes a strong boost by cleanly trouncing Rex Hartwig, Australia's newest court killer, 3-6, 6-2, 6-4, 6-4.

Miss Hart, 29, of Coral Gables, Fla., who five times before had gone into the last round of the U.S. championships and had never won a set, fought off three match points to take her first title, a 6-8, 6-1, 8-6 victory over Louise Brough of Beverly Hills, Calif.

This is the girl who fell over a sprinkling system at the age of four and broke her right leg. It was feared she might never

walk again, but she did, took up tennis and Monday realized her greatest ambition.

The crowd gave a big salute to Seixas, a winner at Wimbledon last year but the victim of a winter slump which cost the United States a chance to recapture the Davis Cup from Australia.

Hartwig, a curly-haired slashing type of player who wears a deep frown bordering on a scowl, had upset defending champion Tony Trabert and Australian Davis Cup ace Ken Rosewall on successive days, but he found his master in the quick-witted, sharp volleying Seixas.

## Lions Three-Time Losers; Weimeister Suffers Injury

Annis Stukus' beleaguered B.C. Lions suffered a triple loss over the week-end as their stock plummeted to its lowest depths.

And while the loss of two Western Interprovincial Football Union games over the week-end hurt the Lions, the loss of star tackle Arnie Weimeister was the most excruciating blow of all.

Weimeister, the refugee from the New York Giants, was lost to the club when he suffered a shoulder dislocation Monday night in Lions' tough luck loss to Edmonton Eskimos, 12-6, at Edmonton.

Lions were trampled 34-0 by Calgary Stampeders Saturday night to make the week-end completely miserable.

The Lions led 6-0 until the Eskimos capitalized on two fourth-quarter breaks Monday night.

Al Pollard, import half, got all B.C. points with two field goals.

A bad B.C. third-down snap paved the way for Edmonton's first touchdown, which was scored by Rollie Miles on a pass from quarter Jackie Parker.

The clincher came after

when the Roughriders defeated the Bombers 18-14 before a holiday crowd of 14,000 at Regina.

Both majors were converted by tackle Bob Dean.

Edmonton chalked up 17 first downs against four for Lions but the Eskimos were outrushed 24 yards to 184. Parker and Miles completed eight of 19 passes for 90 yards. Quarter Johnny Mazur pushed his Lions 64 yards through the air on seven of 11 passes.

Frank Filchuk's Saskatchewan Roughriders used the Winnipeg Blue Bombers and the boot of Joe Aguirre to move into sole possession of first place.

Aguirre, veteran end and line coach, kicked for 13 points.

Saskatchewan, with a record of four wins, a tie and one loss, had good support from Texas import Frank Tripucka. The 26-year-old quarterback completed 13 out of 16 passes, close to the league's 90 per cent completion record he tied early in the season.

Drake Defense Thwarts Sailors

Oak Bay Drakes didn't win a game last year but they started their 1954 Victoria Intermediate Canadian Football League season with a rush Monday, whipping Navy, 30-6, at Macdonald Park. Drakes combined a speedy single wing attack with a solid defensive pattern that kept the sailors penned up.

Here Navy fullback Jack Beech is ridden to the ground by Drake end Gordy Bennett, while Ernie Massick moves in. Coming into the play at left is Drake halfback George Wilson, who scored two touchdowns for Oak Bay. (See story, Page 11).—(Times Photo by Bill Halkett.)

## Take Second, Dodgers Stumble

Baseball fans who took a holiday over the Labor Day week-end will come back to find a lot went on while they were gone.

There's a new team in second place in the National League. The amazing Milwaukee Braves edged ahead of Brooklyn by the strength of a nine-game winning streak and Brooklyn's first doubleheader loss to Pittsburgh in three and one-half seasons.

The first-place teams are the same, but New York Giants' margin shrank while Cleveland's lengthened.

The Giants were six games ahead of Brooklyn and six and one-half in front of Milwaukee going into Sunday's action. But now they lead Milwaukee by only four lengths and Brooklyn by five. The Giants and Brooklyn both lost two out of three.

Cleveland picked up a game on New York Sunday, stayed even Labor Day and now leads the Yankees by four and one-half games. The Indians won two out of three, running their season's winning total to 98 games. No Cleveland team ever has won more.

The Yankees lost two out of three. The Yankees lost two out of three. The Yankees lost two out of three.

## STRANAHAN TURNS PRO

NEW YORK (AP)—Frank Stranahan, heir to a Toledo sparkplug fortune and one of America's top amateur golfers for more than a decade, took leave of amateur ranks in unprecedented fashion Monday.

Stranahan, who probably has won more major tournaments than any American amateur since Bobby Jones, relinquished his amateur status in a statement which he signed and left with promotional director Fred Corcoran of the Professional Golfers' Association for distribution after he departed for Brazil. He said he plans to compete as a pro in Brazil.

## Parksville Captures Ball Tourney

Parksville Loggers Monday won their second Vancouver Island baseball tournament this season when they took honors in the \$1,000 Courtenay Labor Day week-end tourney.

Winners of the previous Parksville \$1,500 tournament, Loggers whipped Chemainus Red Sox, 12-6, Monday night to take top money of \$500 in the annual Courtenay event. Chemainus captured second money of \$300.

Campbell River and Millardville Athletics each won \$100.

In the tourney opener Saturday night, Loggers defeated Courtenay Legion, 8-2, while Chemainus moved ahead Sunday with a 5-0 win over Comox Valley Tigers. Millardville shaded Powell River Rodmays, 3-2.

Victoria's Farmer Construction failed to hit the clutches and left 14 men on the bases as they fell to Campbell River, 4-2, Sunday night.

Farmers played a strong defensive game, coming up with four double plays, but left runners on base in every inning but the second. Bill Garner started on the mound but gave over to Bill Prior in the fifth. Garner was charged with the four runs and the defeat.

Norm Forbes paced the team at the plate with two singles and one double.

## Juvenile Lacrosse Playoff Tonight

City Big Horns will meet Oak Bay Shamrocks in the opening game of the juvenile lacrosse semi-final series at Stevenson Park tonight.

Game time is 8.

Marathon Records

JOHANNESBURG, South Africa (AP)—Jackie Mekler, South African marathon runner who was second in the British Empire Games in Vancouver, claimed world track records for 40- and 50 miles, Sunday.

His time for 40 miles was reported to be four hours, 18 minutes, 15 seconds, bettering the previous record by one minute, 6.4 seconds. For 50 miles he was timed at 5:24:57.8—5:24.6 faster than the previous mark.

O.C. Rugby

Scottish Cup Draw

LONDON (Reuters)—The draw for the Scottish League Cup quarter-finals, made Monday, resulted as follows:

Motherwell vs. Rangers, Hibernian vs. St. Johnstone, Ayr United vs. Aberdeen, and Morton vs. East Fife.

The draw will be decided on a home and away goal aggregate, the first matches being played on Wednesday, Sept. 22, and the return on Saturday, Sept. 25.

Canadiana Wins

NEW YORK (AP)—E. P. Taylor's Canadiana, taking the lead soon after the start, made a show of the bulky 20-horse field in winning the \$32,425 Vagrancy Handicap at Aqueduct race track Saturday.

The four-year-old daughter of Chop-Chop-Iribelle, ridden by Charlie O'Brien, scooted home 24 lengths ahead of the Darby Dan Farm's Clear Dawn, who took the place by a length and a half over C. V. Whitney's Dispute.

Landy to Run for 'The Heck of It'

MELBOURNE (AP)—John Landy, world's fastest miler, said Sunday there is no chance of his going overseas again in the next European track season.

"It is serious teaching for me now in my new job and there will be no chance of gallivanting around the world for running," he said.

Landy said in an interview he has had "five hard races a month since last October" and intends to run only "for the heck of it" this season.

## NO DOORMATS NOW

## Drakes Whip Navy Gridders

Navy 11, Vampires 7; Oak Bay 30; Navy 6  
Oak Bay Drakes, last year's doormats, came out from under with a roar Monday at Macdonald Park to wipe off some of the mud they collected last season.

Drakes, who didn't win a game last season, walloped Navy, 30-6, as the Victoria Intermediate Canadian Football League got under way.

On Saturday, in the league opener, Navy downed Vampires, 11-7.

The bravny Oak Bay lined by destructive Harry Turner, Dick Irving, Trev and Ken West and Larry Brownlee, opened the holes through which George Wilson, Ken Higgs, Red White, Don Donahue and Barry Caviness ramblled for long gains.

Oak Bay opened the scoring after seven minutes when Navy quarterback Ray Negrich, attempting to pass over the line on his three-yard line, was dumped hard by Turner and fumbled. Fred Ralston and Pete Barry recovered the ball in the end zone for the Oak Bay major which Ken Higgs converted.

Navy followed this major with their best offensive spurt of the day. Negrich passed to Jack Bower on the Oak Bay 25 and two plunges and an Oak Bay penalty took the ball to the seven. Fullback Bob Johnston crashed over centre for the touchdown. Gil Lundin converted to tie the score at 6-6.

INTERCEPTIONS HELP  
In the second quarter, Drake fullback Higgs intercepted a Navy pass on his own 30 and ran it back to the Navy 15. Don Donahue took a direct snap, swept wide around left end and raced into the end zone standing up. Drake playing-coach Fred French converted.

The pattern continued as Wilson intercepted a Negrich pass and ran it back for a 45-yard touchdown and Higgs converted to give Drakes an 18-6 half-time lead.

Ten minutes into the third quarter, Higgs stole still another Navy pass and galloped 35 yards for a touchdown. Conversion failed.

Negrich was brought down in his own end zone late in the third quarter for a two-point safety as Oak Bay went ahead, 25-6.

Caviness ripped off a 28-yard gain around end in the fourth quarter and Wilson followed with a 12-yard sprint around the opposite flank for his second touchdown of the day. Higgs' extra-point attempt hit the post.

Negrich had a more successful day Saturday against Vampires as his passing and running led Navy to their 11-7 victory. Bowers and linemen Cliff Sackfield and Paul Skinnis also

5—3rd PRIZES—\$100.00 for you PLUS \$100.00 for the school you nominate

and 200 Prizes of \$5.00 each for Contestants only OVER 200 CASH PRIZES—TOTAL VALUE \$6,000.00

ENTER NOW—ENTER OFTEN Just answer this easy question

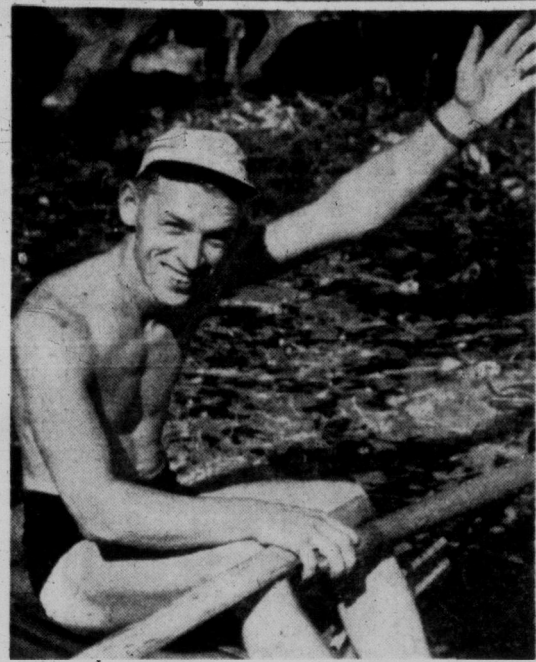

Through how many separate filters is Waterman's ink forced to ensure complete cleanliness? 25 30 40

(Read this advertisement carefully for a clue to the answer)

FOLLOW THESE SIMPLE CONTEST RULES

1. Buy any Waterman's product and get receipted bill of purchase from dealer. Mail receipted bill together with completed entry form to Waterman's Back to School Contest, 600 Dorchester St., W. Montreal, P.Q., before midnight, September 30th, 1954.

### Double Sculling Champion

Howard Duncan of Penticton took top individual honors in the week-end rowing regatta at Elk Lake. Duncan won the 140-pound singles, the senior singles and was second to John Campbell of Vancouver in the quarter-mile sprint. (Times Photo by Halkett.)

### VISITORS DOMINATE MEET

## Bays Score 1 Victory In Northwest Sculls

The host James Bay Athletic Association club salvaged but one victory out of the North Pacific Association of Amateur Oarsmen Regatta at Elk Lake Saturday and Sunday.

Only the eight-oared crew managed a final berth and a triumph as Vancouver and Penticton scullers dominated the two-day event.

The JBAA eight defeated Vancouver Rowing Club handily.

Howard Duncan of Penticton was the regatta's individual aggregate champion. He won two events and finished second in a third.

Duncan won the 140-pound singles, the senior singles and finished second to Jim Campbell of the Vancouver Rowing Club in the quarter-mile dash. Chase, of the Vancouver Rowing Club, was second in the 140-pound singles, while Campbell was runner-up in the senior singles.

Bob Flintoff of the Vancouver club upset in the senior singles Sunday and failed to finish. On Saturday, Flintoff won the junior singles.

Penticton took the junior

fours with VRC No. 1 crew second and VRC No. 2 crew third. Hemsall and Taylor of the Vancouver club captured the senior doubles ahead of teammates Gray and Cunningham.

Penticton senior fours won that event with Vancouver second in the closest finish of the day.

Hemsall and Taylor made it a "double" for the afternoon when they returned to capture the senior doubles. Don and Bob Flintoff of the Vancouver club were second.

The host James Bay Athletic Association club scored its only victory of the regatta by winning the senior eights handily. Vancouver Rowing Club was second.

The Vancouver doubles team of McLean and Trowice took the 140-lb. doubles title, being the only entry.

JBAA crews were eliminated in preliminary heats of the junior and senior fours, Saturday.

## Preston Captures O.C. Soccer Lead

LONDON (CP)—Preston North End vaulted into first place in the English League's first division as a result of Monday's limited soccer schedule.

Preston's 1-0 victory over Chelsea gave them nine points, one more than Everton, Sunderland and Manchester United, all idle, and Bolton Wanderers, who joined the runners-up with a 3-1 victory over Portsmouth.

There was a new leader in the second division as Rotherham United defeated Bury, 4-2, for their fifth victory against one loss. Hull City joined Fulham and Stoke City in second place with a 1-1 tie against West Ham United.

LONDON (Reuters)—Soccer results in British Monday:

JOHN NIAGARA talks about:  
**Why Niagara may be a good place for you to borrow...**

## MONEY

We agree with people who say, "don't borrow money unless you must"—however, when you do have to borrow money, we think Niagara is the kind of loan company you'll want to do business with. Here are some features you'll want when you borrow.

You'll rate "service" high on your list, we're sure. At Niagara, we do too. We like to think we're prompt—some loans are made in 20 minutes. And polite—our company has been designed to serve our customers. Almost everyone can borrow money at NIAGARA when they need it... our plans are flexible, and on many amounts a 24 month payment period can be used.

"Reliability" will be important to you, too. Our business started in Welland, Ontario, over 25 years ago. We're associated with the Industrial Acceptance Corporation whose Merit Plan has been used by hundreds of thousands of Canadians to buy cars, appliances, etc. We're an all-Canadian Company with over 80 branches from coast-to-coast.

And here are two additional points about Niagara Loans: Rates are lower on many amounts... so you get more for your money. Loans to \$1500 are life insured at no extra cost to you... when you can get this family protection, why do without it?

If you need money for any good reason—just drop in or phone, anytime.

## City Cricketers In Healthy Loss

By TONY BRISTOWE

Victoria lost the second intercity cricket match of the year in Vancouver by a heavy seven-wicket margin Monday.

### Breeze Aids Foreman to Fast Furlong

TORONTO (CP)—Joe Foreman, 19-year-old Toronto high school graduate, ran the 220-yard sprint Monday in the record-breaking time of 21 seconds flat at the final day of the interprovincial track and field championships.

Bobby Kerr of Hamilton set the Canadian standard of 21.4 seconds in 1958. Jamaica's Keith Gardner upset that mark Saturday with a time of 21.3 seconds.

Foreman, who enters Notre Dame this fall on an athletic scholarship, ran 9.7 seconds in the 100 yards Saturday. His time Monday in the 220 will not be allowed as a record, officials said. There was a stiff breeze following him down the track.

Gardner bettered his record, breaking time of 14.3 seconds for the 120-yard high hurdles which he ran Saturday. He clipped one-tenth of a second off Saturday's time in a rerun Monday. Larry O'Connor had held the Canadian record of 14.4 since 1938.

Ann Reid of Vancouver tied the Canadian record for the 100-yard dash with a time of 11 seconds flat. Aileen Meagher of Halifax set the record in 1937.

Rev. Bob Richards of Long Beach, Calif., pole vaulted 15 feet, even, one-half inch short of the Canadian record. Toronto's Bob Miller was second at 13 feet, six inches.

Next Sunday, Brockton C.C. from Vancouver visit Oak Bay for an all-day match at Windsor Park. Game time is 11:30.

## BETWEEN TIMES

By MONTE ROBERTS

What we need around here are a few more long faces and lachrymose eyes, and considerably less smiles, laughter, and hoop-de-do.

This was proven conclusively by a headline in Saturday's paper:

"WEATHERMAN PESSIMISTIC FOR HOLIDAY"

This attack of pessimism on the part of weatherman Bill Mackie brought forth a reasonably decent week-end.

If we can only persuade Bill to feel completely hopeless, we might yet salvage a summer this fall.

Monday, I am told by those who know, was an ideal day to close up the summer cottage and store everything away for the winter.

Yes, but are you SURE you remembered to put out the light in the back room?

Summer-cottage-packer-uppers had a good day for it yesterday, but the same can't be said for a friend who "enjoyed" his vacation earlier this "summer."

For 10 days out of 14, it rained.

For three days, it was only drizzling.

And on the 14th day, it didn't rain, it poured.

My friend spent most of the morning cleaning out the boathouse, carting outboard motors and assorted heavy gear up to the cottage proper.

He not only acquired the customary barked shins and skinned knuckles, but he was soaked to the skin.

Finally, he figured he was through, but his wife said: "You'd better go back again. I'm sure you've forgotten something in that little curtained alcove in the boathouse."

Cursing silently, he trudged down the muddy path, wrestled with the padlock on the door, entered the boathouse, and thrust back the alcove curtain.

Sure enough, he HAD forgotten something. Sitting squarely in the middle of a table was a lone object . . .

a bottle of sun-tan oil.

Let us close on a more cheerful note. Indeed, Mrs. Jo Perron of Niagara Street thinks it is simply hilarious.

She spotted a sign in the window of a Fort Street vegetable store: "FRESH CORNS."

Mrs. Perron says you could probably get them fixed at the nearest plasterer's.

## TOPICS OF THE TIMES

The "longest tow in the world" is expected to arrive in Victoria Thursday morning.

The tug Sudbury and Island Sovereign, of Island Tug & Barge, towing four coastwise tankers which will be converted as log carriers, are now off the Oregon coast. The tow-measures approximately one mile from the leading towing vessel to the stern of the last tanker.

Trades and Labor Council (AFL-TLC) meetings scheduled this week are: Electricians, papermakers, today; longshoremen, Wednesday; teamsters, Thursday; chemical and explosive workers, James Island, Friday; Victoria-Labor Council (CIO-CLC) meetings this week are: Fuel distributors, today; and brewery workers, Thursday.

Victorians will have another chance to show their generosity again on Saturday at the Barbara Green Surplus Food Stall at the Victoria Market.

The stall, which will open at 9 a.m. Saturday for receiving of donations, is being administered by the following:

Herbert L. Bevan, owner of the Crystal Court Motel, 683 Belleville Street, has filed in Supreme Court Registry a damage action for slander against Ernest A. Ammann, proprietor of the Crystal Court Motel.

The plaintiff claims Mr. Ammann made slanderous statements with regard to the Crystal Court Motel. He alleges that as the result of these statements he suffered loss and damages with respect to his credit and reputation.

Arthur Earl Markle, HMCS Nadege, was fined \$35 for careless driving August 25, when he appeared in city police court to day.

Police said his car struck a parked auto on Caledonia near Royal Athletic Park, causing an estimated \$250 damage. They charged that the steering gear on Markle's car was faulty.

Markle said in court that he found himself too close to the parked car to stop when he looked up after wiping his eyes following a sneeze.

City and district police have been warned to watch for an escapee from a U.S. penitentiary on McNell Island, Wash.

Emilio Estanislao Brito-Brito, 36, who weighs 164, is dark and five feet ten inches tall, broke out while serving two years for illegal entry of the U.S.A. He is Mexican. Police think he may attempt to cross the strait.

Once upon a time a man invented a submarine that was shaped exactly like a whale so it would confuse the enemy. On the day he was to demonstrate it for the navy he made a disastrous (but natural) mistake. He boarded a whale instead of the submarine. This was a sensitive lady whale and she pretended not to notice the man even though he moved around a great deal and played his radio after 10 o'clock at night. But eventually he went too far. He got chilly and built a fire and the smoke started going up through the whale's spout and she was attacked by seagulls who thought she was a garbage scow. So she gave a tremendous hiccup and evicted the man into a school of sharks. The moral is: "More people out there than you think."

WINNERS in C and D class races at annual Cowichan Bay yacht regatta are shown in this photo by David Rogers, as combined entries in the two classes crossed the starting line. At extreme right is L'Achigan, E. Field of the Royal Vancouver Yacht Club, C class winner; to port of L'Achigan is Rebel, Roy Anderson, also Vancouver, first in D class. (Photo by David Rogers.)

## Fair Winds for Yacht Races at Cowichan Bay

Brilliant sunshine and a 15-mile-per-hour wind following early morning mist made for perfect sailing weather Sunday at the 1954 Cowichan Bay Regatta, with Maple Bay Yacht Club as host.

More than 75 entries were on hand from Royal Victoria Yacht Club, Royal Vancouver Yacht Club, Nanaimo Yacht Club, Seattle yacht clubs and the RCNSA, Esquimalt.

Outstanding prize in the regatta, the Lipton Cup, went to K. J. McRae, Vancouver.

Complete results:

AA Class—Jennette, F. W. Urry (Vancouver).

A Class—1. Doreva, Harry Cloutier (Seattle); 2. Agdon, S. W. Wais (Vancouver).

K Racing—1. Palmer, C. Baine (Vancouver); 2. Jennette.

B Cruising—1. Barracouta, K. J. McRae (Vancouver); 2. K. J. McRae, Baine (Vancouver).

C Cruising—1. L'Achigan, E. Field (Vancouver); 2. Taalun, H. J. Burnett (Vancouver); 3. Silver, Heron (RCNSA); 4. Black Hawk, (RCNSA).

D Cruising—1. Rebel, Roy Anderson (Vancouver); 2. Baine, Doreva (Vancouver).

E Class (6-meters)—1. Juno, William Day (Vancouver); 2. Aina, C. L. Rickard (Vancouver); 3. Thoma, David Angus (Vancouver).

F Class (4-meters)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

G Class (3-meters)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

H Class (2-meters)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

I Class (1-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

J Class (1/2-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

K Class (1/4-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

L Class (1/8-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

M Class (1/16-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

N Class (1/32-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

O Class (1/64-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

P Class (1/128-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

Q Class (1/256-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

R Class (1/512-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

S Class (1/1024-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

T Class (1/2048-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

U Class (1/4096-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

V Class (1/8192-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

W Class (1/16384-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

X Class (1/32768-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

Y Class (1/65536-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

Z Class (1/131072-meter)—1. Aina, C. L. Rickard (Vancouver); 2. Thoma, David Angus (Vancouver); 3. Aina, C. L. Rickard (Vancouver).

## Murder Appeals At Fall Assizes Here Next Week

One murder and three manslaughter appeals are scheduled for the B.C. Court of Appeal sitting in Victoria starting on Sept. 14.

The court will also hear 35 civil cases.

Lawrence Bryant Vincent of Vancouver, will appeal a conviction of murder arising out of the strangulation of a young girl.

Among the manslaughter appeals is the case of Dr. Raymond B. Rush of Vancouver. The physician is contesting a manslaughter conviction for the death of his wife.

CROWN APPEAL

One of the most unusual cases will be a Crown appeal against a verdict of manslaughter rendered by an Assize Court jury at Whitehorse, Yukon, against Leo Devereau, Devereau was originally charged with murder, but the jury reduced the charge.

Court officials said it was unusual for the Crown to press for a murder conviction when a jury found a person not "guilty as charged." The attorney-general's department has nothing to do with the appeal as the case originates in the Yukon.

Details of the case are not known yet.

Also on the list of appeals are two applications by Victoria city police commission asking heavier sentences for Robert Maltby, 30, 878 Esquimalt, for assault of an officer, and for Samuel and Peter Bottoms who were convicted for the same offense in a separate incident.

Lucky Guesser Wins Showboat Yukon Voyage

Wilfred J. E. McEwen, 49 Linden, a helper at Western Heating Products, won the Chamber of Commerce Gold Nugget Tour of the Yukon or \$800 cash by guessing closest to correct number of tourists to visit Victoria's Publicity Bureau during July.

But he won't know of his luck till he returns from a job at Sidney this evening.

Chamber officials announced the winner this morning to Mrs. McEwen, who was "putting around the house" when contacted by the Times.

Mrs. McEwen said her husband merely added the figure "two" to the serial number which appeared on his Showboat ticket making him eligible for the prize, and got 25,715.

This number was closest to the Chamber of Commerce count of tourists, which was 18,312 in July.

Next closest guessers were Mrs. Flora Heady, Port Alberni, with 27,490, and Doug Genn, Genn Advertising Ltd., Victoria, with 34,077. They each will receive cash prizes of \$50.

Also to get \$50 apiece are P. McInnes, 573 McKenzie, and R. Copley, 616 Lampson.

The McEwens have children in school, and will likely take the cash rather than the Yukon trip, said Mrs. McEwen this morning.

Funeral Here Wednesday for Machinists' Business Agent

Local labor leader and prominent sportsman and angler, John Arthur Cornthwaite, died in St. Joseph's Hospital Saturday morning. He was 57 years old.

Funeral services will be held at McCall Bros. Floral Funeral Chapel Wednesday at 3:30 p.m. Rev. J. A. Roberts officiating. Cremation will follow.

Mr. Cornthwaite was business agent for the Machinists, Fitters and Helpers, Local 3 (CIO-CLC).

Born in Kent, England, he served in the British army in India before coming to Canada in the late 20s. He falsified his age to enlist at 15.

He resided at Dodman, Sask., where he met his wife, Gladys, before coming to Victoria 10 years ago. He is also survived at the family residence, 1007 Dunsmuir, by his daughter, Patricia.

Mr. Cornthwaite was a director of Victoria Shamrocks lacrosse club. He is credited with getting junior lacrosse started in Esquimalt, and was active in cricket and soccer circles.

A silent tribute was paid by fans at Monday night's box lacrosse game at Memorial Arena.

In his first years in Victoria Mr. Cornthwaite worked in all three shipyards. He was business agent for the machinists off and on for seven years.

"He was a man of unquestionable integrity. In all his efforts for labor and in the sports world he gave his all," Michael Leachman, president of the machinists, said today.

Key to the situation is a

clause of the Alcan agreement which binds the government to declaring "such areas of land as Alcan may designate, and specifically those areas or tracts of land which will be owned by Alcan and which will include the dams, tunnels, transmission lines, roads, and all other portions of the works" within industrial townships.

Industrial townships protect an industrial firm from provincial taxes on land and improvements.

Q.—What year was the liner Morro Castle disaster in the Atlantic?—T.D.A.

A.—The Ward Line S.S. Morro Castle, bound for New York after a luxury cruise to Havana, caught fire and was destroyed in a gale and heavy seas eight miles off Ashbury, N.J., and 30 miles in an air line south of New York early on Sept. 8, 1934. Heroic work by the crews of several ships resulted in the rescue of 425. The dead and missing as finally listed totaled 134.

Q.—If I wanted to address a letter to the head of the Steele Briggs Seed Company, to whom would I send it, and where?—M.K.

A.—Steele Briggs is an old and widely known firm. If you address a letter to the President, Steele Briggs Seed Co., Toronto, Ont., it will find its way to the head of the company.

## \$1,700 Netted Over Week-End In City and Colwood Burglaries

POLICE MOTORBIKE HANGS on to car after collision which sent the officer to hospital. Constable F. E. Birt-whistle, 3178 Douglas, was discharged after treatment for hand, leg and

shoulder injuries. Collision occurred at Linden and Fairfield, Saturday night. Car was driven by Maurice J. White, 1145 Faithful, police said. (Times Photo by Strickland.)

## Missing Oak Bay Woman Found Dead Near Shawnigan Lake

'FAVOR FOR MAN' COSTS IMPAIRED DRIVER \$275

"Doing a man a favor" cost Hysanth Nault, 794 Hillside, a total of \$275 in city police court this morning, when he pleaded guilty to driving while impaired, and being without a driver's license.

Police followed him for five blocks on Government, Sept. 5, after noticing that Nault's car was weaving from side to side.

Magistrate H. C. Hall fined him \$250 on the impaired driving charge and \$25 for not having a driver's license.

When asked by the magistrate how long he had been driving without a license, Nault said, "I don't drive. I was just doing a man a favor."

Funeral Here Wednesday for Machinists' Business Agent

## Newsstand, Beer Parlor Are Victims

Smooth-working prowlers snatched a total of \$1,700 from two Victoria district businesses over the week-end and escaped undetected.

Robbed were Grand Spot News, 707 Yates Street, where \$800 was taken, and Colwood Inn on the Island Highway, where \$1,200 was lifted from an upstairs office while holiday crowds crammed the beer parlor below.

H. A. Welch, proprietor of the Grand Spot, reported the first theft early Monday. He told police that \$500 had been taken from the two metal cash boxes after entry had been gained through a skylight. The culprit had removed a pane of glass, then had dropped into a bathroom. Exit was made through the front door.

Left by the thief was a roll of pennies.

Police took the empty cash boxes to the station to test them for fingerprints.

The Colwood robbery took place between 7:20 p.m. and midnight, Monday. A window was forced on the second floor of the building, giving access to the office and living quarters.

The money was taken from a safe but no sign of forcible entry was apparent. Police said the thief had missed another \$1,000 which was sitting on top of the safe at the time.

Manager Tommy Tucker told police that he discovered the loss when he went upstairs after closing the beer parlor to do his books.

Colwood RCMP officers investigating the theft, said they thought the job may have been done by someone who knew the layout of the building

## SHOPPING GUIDE

## Lined Blue Jeans for Fall To Keep Youngsters Warm

By PENNY SAYER

If she's in the two-to-six group, you'll be thinking of buying some new and warmer play clothes, now that it looks like fall is setting in. Those good old stand-bys, denim blue jeans, are what I'm boosting today, because, although the denim isn't warm itself, you'll find that when jeans are totally lined with thick flannel you couldn't ask for anything warmer in a material that will wash and wash and wash! I don't need to say anything about denim being serviceable . . . that goes without saying!

Besides being warm and hardy, these play pants are rather attractive, for the flannellette is gay and cheerful in color, coming in bright gingham and novelty patterns.

You are going to go right down and buy a pair for your young daughter, just as soon as I tell you the price of these blue jeans. I'm even willing to make a bet!

Can you imagine them selling for \$1.98? Well, that's the price!

"Little Miss Fancy Pants" will be the nickname plinned to your one, two or three-year-old if she wears a puckered nylon frock with matching "can-can" panties.

The little dress is adorable in its own right, but I did fall in love with those panties! As I said, they are also of the puckered nylon, and they have matching nylon ruffles, about an inch wide, in three tiers down the back. Each ruffle is edged with white lace. (Incidentally, they're plastic-lined.)

Getting back to the dress, it has a touch of pastel embroidery on the full skirt and Peter Pan collar and is really very sweet. Price for the set, which washes like a dream, is \$3.95 . . . comes in pale blue, pink and yellow.

## WHY GROW OLD?

By JOSEPHINE LOWMAN

### Skin and Figure Require Attention After Summer

As a woman grows older the natural oils in her skin decrease. Except in the case of an extremely oily skin, the woman who wishes to remain youthful in appearance must give her face and neck daily lubrication. Summer can take a great toll in complexion beauty, especially when a woman is middle aged or older, because the average woman of that age has a drying-out skin, even without the help of the sun.

Therefore, treat your epidermis to some special lubrication. Load on the oily creams and let them remain on your face and neck longer than usual. Use cleansing creams only for a while, even though you belong to the group of women who feel that they are not cleansing their faces well unless they use soap and water.

If your hair seems brittle and your scalp dry, give yourself a few hot oil treatments, and even if you have not done so before, massage your scalp every night before going to sleep. There are special creams for dry ends. Use one of these! Then look to your hair styling. Lots of women cut their hair very short during the summer and then let it grow out and

### TODAY'S RECIPE

#### CHICKEN CRANBERRY RELISH SANDWICH

One lemon, unpeeled; 2 cups cranberries, coarsely ground; 1 cup sugar. Bread, butter or margarine, sliced chicken, lettuce.

Quarter lemon and orange and put through food grinder (use fine blade). Mix with ground cranberries and sugar; chill. Makes enough relish for 8 sandwiches.

For each sandwich: Spread 2 slices of bread with butter. Cover one generously with sliced chicken; top with lettuce. Spoon drained cranberry relish over lettuce and cover with second slice of bread. Cut into triangles and serve. Canned meat, cold cuts and cold baked ham may be used instead of chicken.

Try the relish as a topping for French toast or waffles for a refreshing change in place of syrup.

## Pineapple Crown Cheese Cake a De Luxe Dessert

Pineapple cheese crown cake, made from a San Francisco recipe, is a de luxe party dessert.

In her apartment on one of the hills of San Francisco, Esther Hall serves a remarkable cake. Here it is!

### PINEAPPLE CROWN CHEESE CAKE

One and one quarter cups fine graham cracker crumbs, 2 tablespoons melted butter or margarine, 2 tablespoons sugar, 2 8-ounce packages cream cheese, 1 cup sugar, 3 eggs, 1 teaspoon vanilla, 1 pint commercial sour cream, chilled pineapple tidbits, red currant jelly.

Sprinkle sides of a 9-inch, buttered spring form pan with 2 tablespoons of the crumbs. Mix together remaining crumbs, butter and sugar. Pack into bottom of pan. Let cream cheese soften at room temperature. Beat until fluffy. Gradually beat in sugar. Add eggs, one at a time, beating after each.

Fold in vanilla and room temperature sour cream. Pour over crumbs in pan. Bake in moderately hot oven, 375 degrees, 30 minutes. Turn off heat and allow cake to cool in oven, about 1 hour. Chill.

At serving time, top with a crown of drained canned pineapple and dots of currant jelly. This is very, very rich, so small wedges are in order, perhaps with additional chilled pineapple.

While fresh cultivated blueberries are still in the market, have a good time with this New Jersey waffle recipe.

### BLUEBERRY BACON WAFFLES

Two eggs, 1 1/4 cups all-purpose flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 tablespoon sugar, 1 1/2 cups milk, 1/2 cup (1 pint) butter or margarine, melted, 1 cup blueberries, 6 slices crisp bacon, crumbled.

Beat eggs until foamy with rotary egg beater. Sift flour, baking powder, salt and sugar together into eggs. Add milk and beat smooth. Add melted butter or margarine and beat until batter is smooth. Fold in blueberries and bacon. Bake on waffle iron according to manufacturer's directions. Serve with butter or margarine and syrup.

(Yield: 8 medium waffles)

Two eggs, 1 1/4 cups all-purpose flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 tablespoon sugar, 1 1/2 cups milk, 1/2 cup (1 pint) butter or margarine, melted, 1 cup blueberries, 6 slices crisp bacon, crumbled.

## HOUSEHOLD HINTS

A good way to wash fragile curtains in an automatic washer is to sew or tie them in a pillow slip. It saves time as well as wear and tear on the curtain fabric.

Better results will be obtained from new baking pans if they are greased lightly with an unsalted fat and tempered an hour or two in a moderate oven at 350 F. before they are used.

4730 WAIST 24"-32" by Anne Adams 8-Gore Classic

Sew-easiest skirt flatters your figure—teams up with everything! It's a smart 8-gore classic with just the right amount of flare to look completely new—to mold your hips to a slim, sleek line. Perfect for a casual rayon, wool, or an elegant velveteen.

Pattern 4730: Misses' waist sizes 24, 25, 26, 28, 30, 32 inches. Size 28 takes 2 1/2 yards 39-inch.

This pattern easy to use; simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins (stamps cannot be accepted) for this pattern. Print plainly size, name, address, style number.

Send order to Anne Adams, care of The Times, Pattern Dept., 60 Front St. W., Toronto 1-A, Ont.

Should a mother tell?

Of course she should. . . . Every mother should tell daughters (and her friends too for that matter) that GorRay make the finest in skirts. Bernard Shaw's have just received another large shipment of these famous English made skirts in a wide array of flannels, tweeds and worsteds. Prices are as low as \$11.95, proof that quality does not cost more. Call in right after the holiday and see these impeccably tailored GorRay skirts at Bernard Shaw's, 1010 Government Street, just down from Fort.

## Empire Wedding Gown Worn By Shirley Ann Holland

An Empire wedding gown of embroidered scalloped Chantilly lace and nylon tulle, featuring a portrait neckline and scalloped peplum at the waist falling into a wide sweeping floor-length skirt of tulle, was worn Saturday evening by charming Shirley Ann Holland. Her fingertip veil of net illusion edged with lace was held in place by a coronet of beads and pearls and she wore the groom's gift, a pearl necklace. Red roses and a stephanotis formed her shower bouquet.

The daughter of Mr. and Mrs. Norman Holland, 4080 Quadra Street, exchanged vows with John Allen Westaway, son of Mr. and Mrs. A. J. Westaway, 4085 Quadra Street, at a ceremony conducted by Rev. Thomas Haythorne in Fairfield United Church, where tall baskets of gladioli formed the setting. Mrs. Willard Ireland played the organ, and Mrs. Isabelle Goodwin sang the Lord's Prayer and Love's Coronation.

Identical floor-length gowns of misty nylon were chosen by Miss Shirley Nelson, maid of honor, and Miss Marilyn Holland, her sister's bridesmaid, the former in ice blue and the latter in bluish pink. The sweetheart necklines were outlined with embossed flowers, and they wore small matching nylon caps. Their colonial bouquets were of carnations, gladioli and scabiosa in shades of pink and blue.

Arthur Westaway was best man for his brother, and ushers were Bruce Holland, brother of the bride, and David Taylor, her cousin.

After applying your make-up, study your face in a hand mirror and remove tiny smudges of powder, lipstick and eye make-up with a cotton-tipped stick.

The reception was held at the bride's parents' home, where guests were welcomed by Mrs. Holland in blue crepe and lace with navy blue accessories and corsage of yellow roses and white heather, and Mrs. Westaway, in Dior blue lace and crepe, black accessories and corsage of pink carnations and white heather.

For a honeymoon up-Island, the bride chose a navy two-piece taffeta dress with grey coat, navy accessories, and corsage of pink carnations and white heather. The newlyweds will make their home in Victoria.

When baby reaches the stage where he won't stay quiet in his carriage, don't attempt to put packages into the front of the carriage. Instead, when going shopping, fasten a good-size clasp hook to the carriage frame with picture wire. It will hold your shopping bag so baby won't be able to get at its contents.

## OF PERSONAL INTEREST

### Here for Paget-Graham Wedding

Out-of-town guests at the wedding of Miss Cynthia Graham to Mr. Noel Paget, Saturday evening, were Mrs. A. E. Paget, grandmother of the groom, Calgary; Mr. E. J. Minshall, West Vancouver; Mr. and Mrs. L. S. Coleman and Mr. and Mrs. J. E. M. Clark, Kelowna; Mr. C. J. L. Sanderson, Salmon Arm; Mr. and Mrs. A. S. Knowles, Kamloops; Mr. and Mrs. G. Craig, Miss Jessie Sutherland, Mr. J. Harvey, Vancouver; Mr. and Mrs. W. J. Keel, Bellingham, and Mr. and Mrs. R. S. Coleman, Courtenay.

### Party for Marjorie Pengelly

Mrs. Gordie Jones, Vista Heights, assisted by her mother, Mrs. C. H. Gray, entertained recently with a miscellaneous shower in honor of Miss Marjorie Pengelly. Gifts were arranged in a gaily-decorated clothes basket. Tanis Bryant presented corsages to the guest of honor, and to the groom-to-be's mother, Mrs. J. Jones. She also gave out the gifts to the bride-to-be. The following guests were invited to be present: Mrs. L. Pengelly, Mrs. R. Pengelly, Mrs. A. Pengelly, Mrs. R. Abbott, Mrs. W. Askey, Mrs. S. Carter, Mrs. N. Aitken, Mrs. B. Young, Miss B. Carter, Miss O. Askey, Mrs. R. Walker, Mrs. L. Pimlott, Mrs. L. Allen, Mrs. E. Webb, Mrs. V. Smith, Mrs. L. Thomas and Mrs. Vic Bryant.

### Honored at Kitchen Shower

A surprise kitchen shower was held at the home of Mrs. J. Allan, Hillside Avenue, Saturday afternoon, to honor Miss Maureen Nelson, bride-elect of this month. Miss Nelson received a corsage of pink roses, and her mother, Mrs. Thomas Parker, and mother of the groom-elect, Mrs. Frank Bousfield, were each presented with a corsage of white carnations. Those present were Mrs. C. J. Wright, Mrs. E. Ensley, Mrs. F. Bousfield, Mrs. T. Parker, Mrs. W. R. Wright, Mrs. A. Caddell, Mrs. H. Lane, Mrs. I. Fowler, Mrs. G. Walton, Mrs. W. N. Taylor, Mrs. R. Squire, Mrs. G. Notte, Mrs. Maria MacDonald, and Misses Barbara Bousfield, Muriel Bousfield, Aylene Parker, Rosemary Ensley, Anne Ensley and Maureen Nelson.

### Wedding in Christ Church

In Christ Church Cathedral last Saturday, a quiet wedding took place between Mr. Harold Rozell and Mrs. Ellen Hall, Rev. R. E. F. Berry officiated. The bride was given in marriage by Mrs. H. Rowe, an old-time friend, and had as her attendants Mrs. J. Flett, while Mr. Jack Gulliford stood with the groom. The couple left by plane immediately following the ceremony for a brief honeymoon after which they will make their home at 1216 Styles Street.

### Register at B.C. House

Those Victorians who registered at British Columbia House in the past 10 days are Miss June McLoughlin, Mrs. H. H. Cubbon, Mr. and Mrs. E. M. Gunderson and Mr. David Miles Miller. Rev. William Buckingham of Sidney, B.C., also registered.

### Home From British Isles

Commodore and Mrs. V. S. Godfrey returned to their home on Terrace Avenue on Saturday after a six-month visit to the British Isles. They left Victoria last March, traveling to England via the Panama Canal and returned to Montreal, then motored across the continent from Oshawa. Visiting them at their Terrace Avenue home at present is their daughter, Mrs. Peter Powell, and her small daughter, Kim. They came from their home in Vancouver on Monday.

### For Miss Hourigan

Bride-elect, Miss Kay Hourigan, was guest of honor at a miscellaneous shower given recently by Miss Elinor Thompson and Miss Barbara Walter at the home of the latter, 67 Maddock Street. Miss Hourigan received a corsage of pink carnations and gifts concealed in a decorated basket. Guests were Mrs. V. Stocks and Misses Florence Brooks, Barbara Main, Lois McArthur, Lorraine Hawkins, Ann Murphy, Vivian Roberts, Diana Wilson and Alice Galley.

## CLUB CALENDAR

Robert Burns McKicking Chapter, IOOE, tonight at 8 at home of Mrs. Herbert Barnes, 2880 Beach Drive.

Women's Auxiliary, Centennial United Church, will resume meetings on Wednesday.

Nominations meeting, Victoria Progressive Conservative Women's Association, Thursday at 215 p.m., Orange Hall, Courtney Street. Speaker, Dean Finlayson, provincial leader.

Primrose Lodge No. 32, Daughter of England, Orange Hall, Courtney Street, Thursday at 7:30 p.m. . . . St. Mary's Woman's Auxiliary, Oak Bay, Thursday at 2:30 p.m., parish hall. Guest speaker, Mrs. M. A. Barnes; subject, "Caravan Work In The Cariboo."

## PTA NOTES

Esquimalt—A "movie time" opening of Esquimalt PTA will be held on Wednesday when movies of the Jabberwocky and PTA picnic will be shown. Installation of officers will also take place and refreshments will be served.

## Winter-Ward Wedding Vows Taken

In a setting of pink and white chrysanthemums and gladioli arranged in Fairfield United Church, Joan Marguerite, daughter of B. R. Ward, 740 Caledonia Avenue, and the late Mrs. Ward, exchanged marriage vows with George Edward Winter, son of Mr. and Mrs. N. E. Winter of Chilliwack, B.C. Rev. Thomas Haythorne officiated at the ceremony which took place last Friday evening.

Mrs. W. E. Ireland played the organ during the wedding and the bride was given in marriage by her father.

She wore a gown of imported French Chantilly lace over shimmering satin, styled with

pleated double front skirt of misty nylon tulle. A short bolero of the Chantilly lace featured a collar of pearls and sequins and longly sleeves. The veil was floor length and the bouquet was of red roses. Her only jewelry was pearl earrings, the gift of the groom.

Matron of honor, Mrs. Louise Smith, wore a gown of mauve tulle with matching jacket and carried a bouquet of mauve gladioli, the same flowers forming her hair bandeau.

Bridesmaids, Misses Margaret and Ann Winter wore gowns of peach and pastel green nylon tulle, over taffeta, with matching bandeaux and bouquets of

peach gladioli. The pretty flower girl, Miss Judy Wilson, wore a floor-length dress of pink organdy with hair-band of sweet peas and red roses. She carried a colonial bouquet of the same flowers. Ray Campbell was best man and the ushers, Donald Ross and Jim Mill.

Reception was held in Loughheed's Banquet Club where the table was decorated with a three-tier wedding cake topped with a miniature bride and groom. Rod Winter, the groom's brother, proposed a toast to the bride.

The couple are now on a motor trip in the United States. The bride left on honeymoon wearing a navy suit with white accessories and hat, topped with a dusky pink coat with which she wore a corsage of red rosebuds. On return Mr. and Mrs. Winter will live at 1040 McClure Street.

## Sailed Up the Columbia in Early Days; Home at Trail

NELSON, B.C. (CP)—A 93-year-old great-grandmother, who had been a pioneer nurse here at the turn of the century, might be excused for feeling that people were made of sterner stuff in her day.

Mrs. W. J. Newburn, now of San Francisco, came to Nelson in 1908. But she and her husband sailed up the Columbia River, the only means of transportation, to settle in Trail in 1896.

One of the first practical nurses in the area, she says, "the facilities for nurses in the early days would surprise you. We didn't have all the little gadgets they have today."

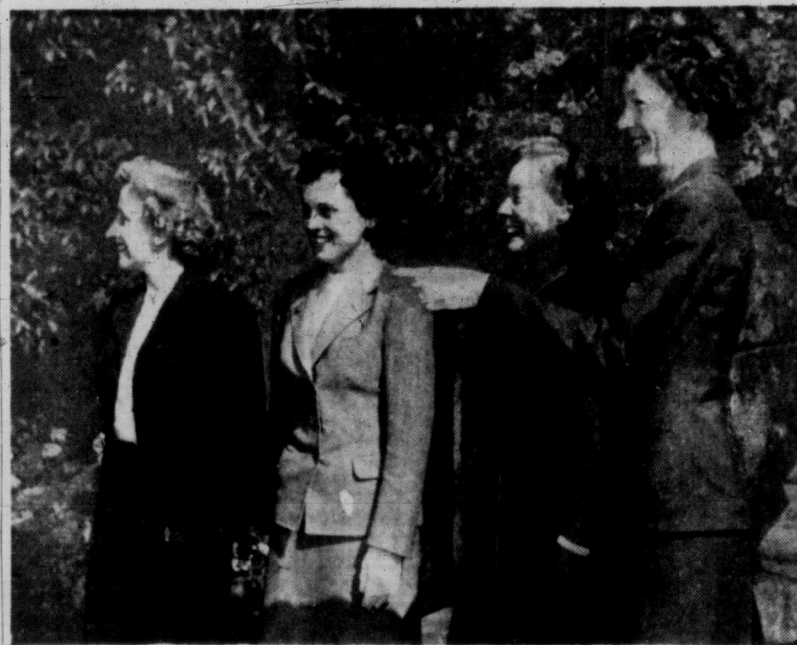

Much of her nursing in those days when Nelson was a lusty, brawling mining town, was among the Chinese population.

And there was no such thing as an ambulance to take people to hospital. There was nothing like the north shore road and Nelson ferry, now a link in the southern trans-provincial highway.

The active good-humored woman recalls one time in 1910 when she and a doctor rowed

## Family Marked Anniversary

Dr. and Mrs. H. H. Hare, 3020 Uplands Road, celebrated their 50th wedding day on Monday with a quiet family dinner at the home of their son-in-law and daughter, Mr. and Mrs. Fred Bartholomew, Beach Drive. Others present were a son and daughter-in-law, Dr. and Mrs. H. N. Hare, with Douglas, and the Misses Ann and Jean Bartholomew. The bride and groom of 50 years ago were married in Leamington, Ont., and have lived in Victoria for 41 years. Dr. Hare is a well-known dentist in this city, having been in practice for 50 years. (Photo by Robert Fort.)

## Of Personal Interest

Mr. and Mrs. A. Dale-Davies, Mrs. C. Truher and Mr. Paul Truher, left Victoria today for the British Isles.

## HEALTH BACKGROUND FACTOR WHERE NO CHILDREN IN HOME

ROME (AP)—Having trouble getting children? See your dentist. Or check your tonsils, or look into when you had the mumps, scarlet fever, typhus, typhoid, or whether you have tuberculosis. Examine your diet for deficiencies in vitamins A, B and E or in amino-acids.

But perhaps most important: Stop worrying about it. This advice was packed into a report to the 70-country United Nations conference on population this week by Dr. Abraham Stone, director of the fertility service of the Margaret Sanger research bureau of New York City.

Stone reported "acute or chronic infections of any kind, as dental caries, infected tonsils, sinusitis and similar focal infections have an adverse effect on reproductive capacity."

## Cynthia Graham, Noel Paget Wed In Candlelit Service at St. John's

A romantic setting was created Saturday evening by flickering white tapers, held in high candleabra to light St. John's Anglican Church for the wedding of Cynthia Frances Graham, daughter of Mr. and Mrs. G. E. Graham, 649 Dunedin Street, and James Francis Noel Paget, son of Mr. and Mrs. A. P. Paget, 4222 Cedar Hill Road. Standard baskets of white chrysanthemums and gladioli were placed at the chancel rail, and guest pews were marked by clusters of white chrysanthemums and tulips.

The petite bride, a 1953 graduate of the Royal Jubilee Hospital School of Nursing, was a picture in her wedding gown, styled with fitted bodice of imported lace, having a round petalled neckline. Petalled effect was repeated in a tiny lace peplum over the full, double skirt of nylon net and taffeta. Her chapel-length veil of nylon net illusion bordered with Chantilly lace, was held by a close-fitting headdress of scalloped lace edged with tiny seed pearls. The bride carried a white New Testament, mounted by a white orchid surrounded by lily of the valley and ivy strands. Her jewelry was a three-strand pearl necklace with matching earrings.

Sister of the bride, Mrs. Alan Beckerley, as matron of honor, wore a gown of coral organdy over taffeta. Her headdress was a coronet of braided organdy and lace and she carried a bouquet of white and coral gladioli. Bridesmaids, Miss Arlene Knowles, cousin of the bride, Miss Jessie Sutherland and bridesmatron, Mrs. W. J. Keel, were gowned similarly in petal-winkle blue organdy over taffeta with matching headdresses. Their bouquets were of tinted blue and white gladioli.

Norris Paget, brother of the groom, was best man. Ushers were Jim Harvey, Grant Craig, both of Vancouver, and Ronald Woolcock, cousin of the bride, Victoria.

Reception was held at the Old England Inn, where toast to the bride was proposed by A. S. Knowles, uncle of the bride. The bride's table was centred by a three-tier wedding cake surrounded by sweetheart roses. Guests were received by mother of the bride, who wore a dress of silver brocade, navy accessories and corsage of deep red roses, and mother of the groom, who wore a gown of aqua shade, black accessories and white gladioli corsage.

Mr. and Mrs. Paget are spending a honeymoon motoring in the interior and to Lake Chelan, Ore. For traveling, the bride chose an embroidered pink linen dress, over which she wore a navy coat of Ottoman cord, styled on princess lines. Her hat was navy with a pink ostrich feather and she had a navy bag and shoes.

Mr. and Mrs. Paget will live at 1122 West 32nd Avenue, Vancouver.

## Mr. and Mrs. Val Pelletier Fly to Regina on Honeymoon

Mr. and Mrs. Valmont Joseph Jean Pelletier flew to Regina on honeymoon following their wedding, Saturday evening, in Queen of Peace Church.

The bride, formerly Jeanne Gregoria Frances Elizabeth Storey, 1115 Greenwood Avenue, and the son of Mrs. Harry E. Pelletier, Regina Sask., and the late Mr. Pelletier repeated their vows in a setting of white gladioli. Father J. MacLellan officiated and organist was Mrs. A. Smith. Miss Lois Burns sang "Ave Maria" during the signing of the register. Guests were ushered to nosegay marked pews by Miro Liz.

The bride was lovely in her gown of filmy nylon net over satin, the strapless bodice trimmed with lace and diamante, which also trimmed bustle of her full skirt.

She wore a jacket of imported lace featuring stand-up collar and lily-point sleeves, and a tiara studded with rhinestones and pearls held her fingertip veil of fine net trimmed with lace. Full-blown tawny yellow roses formed her arm bouquet. As maid of honor, Miss Gerry

Smith, chose a strapless gown of coral nylon net over taffeta with net stole attached. Her matching headdress was studded with tiny pearls, and she carried an arm bouquet of pale yellow carnations backed with transparent leaves and fern.

Bridesmatron Mrs. Grant Weismiller wore a strapless gown of turquoise net over taffeta with attached net stole, with arm bouquet of pale pink carnations. Grant Weismiller was best man.

A reception followed at Little Harbour, where white tulle circled a two-tier wedding cake decorated with pink sweetheart roses and fern. Eugene Falck proposed the bridal toast. Mrs. Storey received guests, wearing a soft winter beige tailored suit with biscuit and brown accessories and corsage of tawny yellow roses.

Mrs. Pelletier traveled in an air force blue corded silk dress with white jacket, white feathered hat, eggshell purse and shoes, and a corsage of gold roses.

Mr. and Mrs. Pelletier will live at 612 Constance Avenue.

## Gay, Youthful Millinery For Campus Queens

Those carefree college clothes call for perky hats and berets to add to their smartness. Because fashion designers have placed the accent on millinery this season, Minnie Beveridge Millinery has made it a point to have the most exciting college style on hand for the co-ed's choice.

If you are getting your back-to-college wardrobe ready now, you'll consider our collection a must-see, for it includes dashing profile berets in plushy velour . . . bewitching cloches, Planter hats and many other truly smart models, designed with the college girl in mind.

Many of the new models have scarves to match for added smartness. You will also be intrigued by the new all-purpose hats of waterproof gabardines and velvets. Colors are keyed to fall, 1954, so that you may be sure your new beret or cloche is most definitely this season's!

Back-to-college hats are priced at \$6.95, \$8.95 and \$10.95 so that you will find it possible to include at least two of your favorite styles when you pack. You are invited to get your friends together and pay us a visit to try on the various youthfully designed models we have in stock. We know you will be thrilled.

Minnie Beveridge Millinery is located at 778 Fort Street. \*\*\*

## Britain to Purchase More Canadian Wheat

BY SYDNEY CAMPBELL  
LONDON (Reuters)—Britain almost certainly will buy more wheat from Canada in the coming crop year, financial experts here predicted Monday.

They said this is expected although British purchases in the last crop year fell sharply to the lowest level since 1938 and the second lowest since 1922.

The news should hearten the organizers of "British Trade Week" exhibitions next week in Canada's wheat-growing prairie provinces of Manitoba and Saskatchewan. Slogan for the week is "Buy British—then buy our wheat."

There was a slump in British purchases in the last crop year only because Britain's total market for imported wheat was subnormal. Even so, Canada got the lion's share of British wheat orders—nearly twice as much as all other suppliers put together.

QUALITY FACTOR

More than 63 per cent of all Britain's wheat imports in the last crop year were Canadian. This is a much higher proportion than was expected at the beginning of the crop year. It was achieved in an open market in which British importers were free to buy wherever they liked during a world glut of wheat, and in which Canadian wheat was not the cheapest.

Great masses of soft wheat from other countries were offered at much much lower prices. But what turned the trick for Canada—and probably will keep on turning it in the foreseeable future—was the goodwill which she has earned by the high quality of her wheat. There is no other substantial supplier of hard, high-protein spring wheats.

The British government has helped by removing all the dollar discriminations against wheat and other grain. For buying grain to be consumed in Britain and other sterling countries, sterling is already convertible.

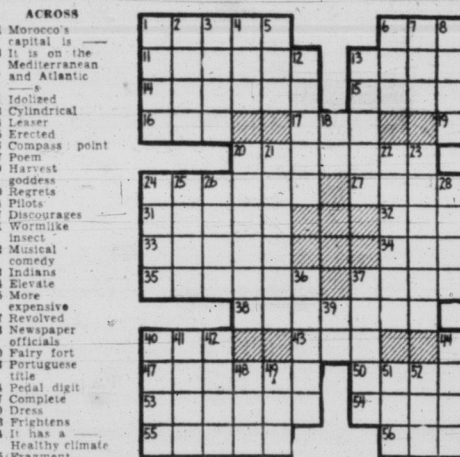

"Consumption of Canadian wheat in Britain during the last crop year did not fall nearly as much as imports. It may well have increased. Imports were distorted by the stock position.

What happened was that in the two years ended July, 1953, the British food ministry stocked up with Canadian wheat. After it went out of business a year ago, it sold off the stocks.

The good omen for the coming crop year is that the stocks of wheat have been used up.

Canada's proportionate share of Britain's wheat imports may fall slightly in the coming year. If so, it will be only because of another technicality.

Recently Britain has been buying large quantities of cheap and heavily-subsidized food wheat from the U.S. In official statistics, this must be counted as imports of "wheat" but it goes into feed troughs, not into flour.

## Bull Impales Girl Matador

DEL RIO, Tex. (CP)—A 24-year-old blonde Texas girl matador, after having been impaled on the horns of a charging 1,350-pound bull Sunday when she turned her back on it.

Patricia McCormick, who quit college to fight bulls, was fighting at Ciudad Acuña, Mexico, just across the Rio Grande from here. She had turned from the bull to accept cheers

from the crowd for her bravery when it charged her, inflicting a deep puncture in the groin. Taken to hospital here, she underwent surgery and was given three blood transfusions. Her condition was described Monday as serious.

Pat was gored fighting her second bull of the afternoon. She killed the first with such skill she was awarded its ears and tail.

### John o'London To Stop Publishing

LONDON (Reuters)—John o'London, romantic name in British journalism for 35 years, soon will disappear from the literary world.  
Publishers of "John o'London's Weekly" announced Monday that the magazine's September issue will be its last, and gave economic difficulties as the reason.

## TWO for the SHOW

By PHIL LEE

AA (Oscar Class) A (Don't Miss) SS (Worthwhile) BB (For Rainy Days) C (To not to time)

(A) "DOCTOR IN THE HOUSE" (Odeon). Abounding in the usual magnificent characterizations, this J. Arthur Rank comedy direct from merrie England provides an hilarious evening.

Featuring one of Britain's most sought after actors (by Hollywood), Dirk Bogarde, and some of the cast who contributed to the gay jalousy farce remembered laughingly as "Genevieve." "Doctor in the House" depends upon clinical terminology and hospital-ity for its copious quantities of abdominal laughs.

The plot—if it may be termed such—concerns four young internes, Bogarde, Kenneth More, Donald Sinden and Donald Houston. When the play opens they are in first year med and when it ends they are doctors—some of them.

DURING THIS PERIOD "Doctor in the House" is jam-packed with various shades of love, skeletons, operating theatres, a delightful thing that has the ferocity of the storming of Calais called a "frag" and a chilling dissertation on what operating physicians think of those of us who fall

under their palpitating scalpels.

The play is nicely handled by director Ralph Thomas and the editing is superb, especially the manner in which the sequences are shuffled, so one keeps his eye on each of the hapless young internes at once.

THE HUMOR, TOO, APART FROM THE RIGID shop talk variety, is a delicate thing. For instance, young Doctor Simon Sparrow has had it. In his final year he's about to be given the boot by the dean, Geoffrey Keen, for being caught in the nurses' residence. Then bluff Sir Lancelot James Robertson (Justice) steps into the breach on his behalf by remembering his old student days and a certain incident where a great white horse was brought into the residence and one of the nurses was convinced she should play the role of Lady Godiva.

Internes Sparrow after that is allowed to continue his studies.

On the distaff side Muriel Paylow plays the role of Bogarde's love sympathetically. Kay Kendall makes a glamorous fashion model and it is good to see Ottawa's Suzanne Cloutier about, although for a disappointingly short space of time.

But the girls are in the minority, really. This was the boys' play.

## FLY ABROAD THIS FALL

## Canadian Police Scheduled To Pick Up Henderson Today

VANCOUVER (BUP)—Canadian police went to the international border at Blaine, Wash., today to pick up Donald Winslow Henderson from U.S. immigration officials and send him to Calgary as a murder suspect.

Henderson was ordered deported from the United States on the formal grounds that he entered the country illegally, eliminating the need for complicated and possibly long-drawn extradition proceedings. He had been sought by Calgary police and the RCMP, which until recently listed him among Canada's most-wanted criminals, since the battered body of his common-law wife, Yvonne Levesque, was found in a Calgary tourist home August 11, 1949.

Henderson was arrested late last month in south San Francisco as he was leaving a courtroom where he paid a \$25 fine for drunkenness under the name "Martin." A routine FBI fingerprint check proved his real identity, which he at first denied.

Immigration officials flew Henderson, native of Moose Jaw, Sask., from San Francisco to Seattle, and drove him 125 miles from there to Blaine, a border point.

Another on our list of best sellers is all the stuff in Peggy's baby department. Seems like all our old customers are getting the babies off on the right foot in buying furniture. The hottest item seems to be a STORKCRAFT hardwood crib complete with spring and mattress at \$29.50. Must be a lot of kids bumping their heads because plastic bumpers for cribs at \$2.99 are selling with every second crib.

A whole pile of bales of imported sculptured Wilton carpet just blew in. They tell me we can sell it for \$7.99 a yard in rose, green, grey and beige. Come on down and bale us out—eh?

## H-Bomb Victim Makes Recovery

TOKYO (AP)—A Japanese fisherman dusted by radioactive ash from a Bikini H-bomb test has pulled out of a coma and is recovering, doctors report. Aikichi Kuboyama, one of 23 fishermen on the Lucky Dragon at the time of the hydrogen explosion last March, now is able to talk and eat, doctors said.

## Hunters Kill 4,130 Grouse At 'River'

CAMPBELL RIVER—A check by the B.C. Game Commission revealed that to 6 p.m. Monday, hunters in this area shot 4,130 birds on the three-day holiday that opened the grouse season.

Average number of birds per hunter was 3.4, as compared to 3.5 last year. They were smaller than in previous years, but plump enough for tasty eating.

Don Robinson, biologist, suggested that some clutches had been lost in the prevailing damp weather of the spring and summer.

Best areas were those adjacent to Beavertail, Mohun, and Upper Campbell Lakes.

There were no accidents, and only two violations of game laws, one for exceeding the bag limit, and the second for carrying a gun without a hunting license.

## City Unionists Open New Hall

George Wilkinson, former secretary of the Victoria District Trades and Labor Council (AFL-TLC) on Monday credited city unionists with superior qualities in conducting their business.

Now personnel director of the Marwell Construction Company, Vancouver, Mr. Wilkinson said at the official opening of the new labor temple: "Unions of this area show more brains and ability to handle their business per capita, than you will find anywhere in Canada."

Stan Peele, veteran trade unionist of the Musicians' Union, cut the tape, to officially open the new hall. More than 100 union members and officials attended the ceremony. The Musicians' Union, under the leadership of Howard Denke, played during the program. Mr. Peele was president of the council in 1912. He closed the new hall as a dream come true after many years. He congratulated the council and said it was made possible through the formation of the auxiliary Victoria Building Co-operative Association, E. T. (Al) Stanley, president of the co-op, was chairman.

Ed Howe, secretary of the Victoria Labor Council (CIO-CLC) and fraternal delegate to the TLC council, brought congratulations from his group. He spoke of the need for unions of all affiliations to work together "and it is particularly essential that we continue to battle Communism."

Percy Rayment, secretary of the council, was also a speaker.

## Fifth Sentence In One Week For City Man

Barry Keele, 23, 916 Tolmie, was sentenced in city police court today to 18 months' imprisonment on a charge of obtaining credit under false pretenses from a local department store.

It was the fifth 18 months' concurrent sentence he had received since last week.

Police said Keele was granted \$500 credit at the store last May, on the strength of his own statement that his credit was good. Subsequently, the store allowed him a total of \$1,000 credit before investigations were started, said police.

Last week, Keele and a companion, Timothy Cordick, 28, 713 Pembroke, pleaded guilty to passing worthless cheques at beer parlors in Goldstream and at a city grocery. Keele had also swindled an Esquimalt beer parlor.

In most cases, the cheques had been written in the name of J. S. Carlow under the printed name of a western firm, effected through use of a toy printing press.

Total value of the forgeries was \$226, police said.

Previous convictions against Keele include theft, breaking and entering, armed robbery and auto theft. Cordick had convictions for assault and theft on his record.

## Funeral Services For Roy Brown Set Wednesday

VANCOUVER—Funeral services will be held at Ryerson United Church Wednesday for Roy Brown, widely-known Vancouver newspaperman, who died Saturday.

Mr. Brown, 74, started his career here 56 years ago as a copy boy.

For the last 16 years he was a feature columnist on The Vancouver Sun, and during his career had scored many notable beats in general news coverage.

For many years he was vice-president and editorial director of The Vancouver Province, joining the newspaper in 1901, and earlier had worked on the old News-Advertiser and The Vancouver World.

Mr. Brown was born in New Brunswick. He is survived by his widow, Emily.

**TOP TO BOTTOM**  
BOLTON, England (CP)—Three steepjacks working on a mill in this Lancashire town slid down a 70-foot rope to rescue Susan Vickers, five, when she fell into an adjoining reservoir.

## Beached by Storm

Waiting for Lake Ontario storms to subside are (left) world's woman long-distance champ, Florence Chadwick, and Canada's swimming star, 16-year-old Marilyn Bell. Miss Chadwick, if she

makes the 32-mile distance will win \$10,000 given by CNE as prize. Miss Bell says she will make the attempt simultaneously for the "honor of Canada."

## ATTLEE

(Continued from Page 1)

East Berlin the imposing Stalin Allee and the neglect to repair the ruins of war in the rest of the eastern sector. I have been told, however, that in Moscow these great buildings are a source of pride to the people. They certainly give a sense of power.

This, too, was shown in the imposing agricultural exhibition which has now become a permanent feature of Moscow. It is finely laid out. Here are individual pavilions of the constituent republics, structures built in the national architecture of each republic. The exhibits seem of good quality.

I couldn't fail to notice the out-of-town visitors to Moscow, where some 3,000 a day were brought in for a stay of some days. Here one saw peasant people, often in national dress in family groups, wandering around. There was no regimen-

tation, and we mingled with the crowd.

Here again I must make a general observation. I certainly got the impression of greater cheerfulness and less obvious control than on my previous visit. I am quite sure it would be easy to establish good personal relations and friendships among the Russian common people.

On the evening of our arrival in Moscow we went to dinner with Mr. Malenkov at a villa in the country which is used for government hospitality. Here I met Mr. Molotov and Mr. Vishinsky, whom I had known before, and Mr. Malenkov, Mr. Krushev, Mr. Mikoyan and Mr. Shvernik, whose acquaintance I made for the first time. There were plenty of interpreters and conversation was generally punctuated at intervals with toasts, as is the Russian custom, when we all made little speeches.

## Greater Spirit of Fellowship

There was quite lively discussion on a hypothetical question propounded by Aneurin Bevan and taken up with much vigor by Mr. Krushev, a very down-right person. Talk was free, but I got the impression that though he did not speak very much Mr. Malenkov was the dominating personality. Naturally at such gatherings there is a good deal of conventional sentiment, but I sensed a reflection of greater easiness of good fellowship brought about by the Geneva conference.

Next day there was a reception at our embassy for the diplomatic corps. I was pleased to meet such old friends as Mr. K. P. Menon of India and Mr. Maung Ohn of Burma, as well as sundry foreign representatives whom I also had seen before.

In the evening our Russian hosts of the day before came to dinner at the embassy, an unusual event. We had plenty of

time for talk after dinner, as we did not break until 1.30. We got into groups and eventually I found myself engaged in a long argument with Mr. Mikoyan on the subject of freedom and democracy.

It soon became clear that we could not find common ground in our discussion. When I tried to explain what we meant in England by democracy and individual freedom, I was referred to economics.

I was reminded of the man in Wells story, "The Country of the Blind," who tried to explain what sight was, but when he told of the sky he assured the reader that overhead was a smooth dome. In like manner all my talk of freedom was met by a reference to dialectical materialism. Mr. Mikoyan in turn was shocked at my views, which he had thought not to be genuine but only put out for propaganda.

## Don't Speak the Same Language

It is well to remember this and to realize that there is this great mental gulf between the hard-shelled Communist and the west. We don't speak the same language.

The difference between the British and Russian conceptions of democratic government was brought before us very forcibly in our visit to the Kremlin. I had not before seen the old cathedrals and the collections of armor, coaches and the other relics of czarist days and was glad of this opportunity.

What struck us all, however, was the Hall of the Soviets. Here was what corresponded to our Houses of Parliament.

## Careless Driving Fines for Two

Allan Emanuel Anderson, 726 Canterbury, and Phillip R. Currie, 719 Princess, each was fined for careless driving when they appeared in city court today.

Currie's car was in collision with another car on Humboldt near Blanshard, police said, and about \$75 damage sustained by each vehicle. He was fined \$35 and his license suspended.

Anderson was in collision at McClure and Blanshard, according to police, who stated that more than \$300 damage was inflicted on both cars. Anderson was fined \$25 and his license was suspended.

## PUC Chairman Denies Bus Fare Verdict Held Up

B.C. Public Utilities chairman Percy George said today that protests against a boost in Vancouver bus fares to 15 cents were "ridiculous and unfair."

George said there was absolutely no foundation for charges that the commission delayed its findings on the increase until the Labor Day week-end so that no formal protests could be lodged.

## YOSHIDA FACES SUBPOENA BY POLITICAL FOES

TOKYO (AP)—Political opponents of Prime Minister Shigeru Yoshida voted Monday night to summon him before a committee of the Diet investigating charges of bribery and corruption.

There was no indication whether the prime minister would answer the subpoena of the committee. A member of Yoshida's Liberal party voted with the Socialists on the motion.

The committee is investigating the shipbuilding subsidy scandals which have plagued Yoshida's administration. Yoshida himself is not involved but some members of his party have been arrested on charges of taking bribes from shipbuilders.

## NOISY CONTINENT

LONDON (CP)—Trucks may rumble by Canon A. P. Daniel's Thames-side home but he says London is the place for "peace and quiet" compared with the continent. He said on return from a holiday that Europe is very noisy, "with cars driven on the horn, buzz-bikes everywhere and strident voices day and night."

## See That Atomic Power Aids Workers, Reuther Tells Labor

WINDSOR, Ont. (BUP)—CIO President Walter Reuther told a Labor Day audience here Monday that organized labor must make sure that automatic factories and atomic power will mean a better world for workers.

Reuther, who also is president of the United Auto Workers Union, said the duty of the labor movement is not to stop science from developing better tools but to gear those tools to the hopes and needs of the people.

"Automatic factories and atomic power will mean more security and greater happiness or mounting insecurity and dreadful misery depending on whether they work for the general good or to make the richer richer," he said. "The labor movement is the best hope the free world has to make sure scientific knowledge will be used to build a better tomorrow for everyone."

Reuther noted that Windsor has 17,000 unemployed men out of a work force of 45,000, and he said the free world must ink bottle," says a perfumer.

CLEMENT ATLEE

## EXCLUSIVE

### Kremlin Landmark In New Moscow

(EDITOR'S NOTE: Former British Prime Minister Clement R. Attlee has just concluded a three-week tour of Communist China, which included a stopover in Moscow en route. Leading a Labor party delegation of nine, his aim was "to learn as much as I can about what conditions really are following the first of five exclusive articles in which he writes of his observations and of his reactions to what he saw and heard.")

By the RT. HON. CLEMENT R. ATLEE  
HONG KONG—It had been 18 years since I was last in Russia, when I went by boat with Ambassador Maisky to Leningrad and then to Moscow. This time I flew with my colleagues to Stockholm and Helsinki and so to Moscow.

From the plane one could see the collective farms, with their broad strips of common cultivation and the small individual plots.

The striking things in the view of Moscow from the air are the lofty, tower buildings of the university and the new Foreign Office Building. There

were also visible numbers of great blocks of flats (tenements).

On our trip from the airport I failed to recognize anything except the Kremlin, so great has been the development in the centre of the city. Even the principal streets were unrecognizable.

Police sought friends of the deceased at Cobble Hill but were unable to locate them. Other friends were found at Calgary, but it is not known whether he had any relatives.

Inquest into the death has been set for 10:30 a.m. Thursday, but place is not yet known.

Other traffic and household accidents flooded city emergency wards over the long holiday. St. Joseph's Hospital alone handled 90 emergency admissions, most of them minor.

A spectacular car-motorcycle crash sent city police officer F. E. Birtwhistle, 3178 Douglas, to Jubilee at about 7:30 p.m. Saturday. He was treated for injuries to his leg and shoulder as well as a cut hand, then sent home.

Involved in the crash was the car of Maurice J. White, 1145 Faithful, police said. The car had been traveling north on Linden and the motorcycle west on Fairfield when the collision occurred.

**HIT PHONE POLE**  
Lewis P. Evans, 47, 2754 Scott, went to Jubilee with a cut forehead and scalp after his car crashed into a telephone pole early Sunday morning on Cook near Pembroke.

**CYCLIST HURT**  
Fifteen-year-old James Gibson, 4561 West Saanich Road, fell from his bike at 7:50 p.m. Sunday. He was X-rayed and his right arm was stitched at St. Joseph's before he was discharged.

Ray Gannor, 10, was youngest accident victim. He was apparently struck by a car at 8:45 p.m. Sunday near his home at 5047 Cadboro Bay Road. Saanich police did not name the driver. The boy was shaken up but otherwise unhurt.

Nevertheless, the decision announced by Eisenhower Monday to go ahead without Russia on an international atomic agency plan would appear to put the Russians somewhat on the spot, since they have so far indicated no interest in sharing their own atomic energy know-how and resources with anybody.

What Eisenhower disclosed was that the U.S. government has agreed with other countries to set up an agency to "foster the growth and spread of new atomic technology for peaceful use." The president did not name the countries, but an aide said they are Canada, Britain, France, South Africa and Australia.

The president added that talks starting Thursday with "our Canadian friends" would be the first step in implementing the new plan.

Eisenhower expressed hope that "no nation will long stand aloof" from the enterprise. This seems clearly to keep the door open for Russian co-operation provided Moscow is interested.

For the time being, the president made clear the project aims to provide benefits for friendly free countries.

Florence, anxious to get the swim under way, spent the morning in the U.S. Coast Guard station in this upper New York town of 800 at the mouth of the Niagara River. After studying the weather reports she announced that she might be able to try it tonight providing the winds go down to 15 miles per hour instead of the present 25 to 30.

The \$10,000 swim from Youngstown to the Canadian National Exhibition water front in Toronto has attracted hundreds of newspapermen, cameramen and radio and TV announcers from both sides of the border.

Discussing the weather conditions Miss Chadwick said only the 63 degree water was in her favour.

"These waves are much worse than what I ran into trying to cross the Straits of Juan de Fuca," she said "there it was just a case of cold water. The waves weren't bad at all."

The two Canadian girls, unofficial entrants in the swim, both said they would wait for Florence to make the decision.

The weather has already forced the CNE to cancel the proposed across-the-lake relay which was scheduled to start four hours after Miss Chadwick stepped into the water. It will, it

be replaced by a 21-mile relay along the Toronto waterfront.

YOUNGSTOWN, N.Y. (CP)—Flo Chadwick has given Canadian swimmers, Marilyn Bell and Winnie Roach Leuzler, a welcome as "chilly as the waters of Lake Ontario."

"I was surprised to find out I would have company on the swim," she said Monday. "I didn't ask to come here. I was invited for an exhibition."

"That's why I can't understand these girls. They live around here and have 365 days a year to try to swim the lake." But if the Canadians really want to challenge her, Miss Chadwick said, she would be happy to attempt with them next summer the Juan de Fuca Straits, between Vancouver Island and Washington state.

Miss Chadwick has described that body of water as "the Mount Everest of channel swims," pointing out that no man or woman has ever made

## 1 Dead, 5 Hurt In City Traffic

Elderly Visitor, Here Few Hours, Struck Down at Yates and Douglas

One man died and five persons were hurt in traffic accidents on Greater Victoria streets during the Labor Day week-end.

John Anderson, 79, Calgary, who had checked into a city hotel a few hours earlier, was struck down by a car on Yates Street Saturday night and died in Royal Jubilee Hospital early today.

He was Victoria's fourth traffic fatality this year. Mr. Anderson registered at the Churchill Hotel then set out for a stroll with another prairie visitor, Alfred Savage, 55, of Winnipeg.

**LIGHT CHANGED**  
Savage was injured in the same accident. Police said the pair stepped into a pedestrian lane at Yates and Douglas about 8:30 p.m. The light was green but changed to red while they were still in the middle of the road, according to witnesses.

They were struck by a car allegedly driven by Morey Allan Fitcher, a Metchison youth, who was driving east on Yates with a passenger, Ivor Krostad, also of Metchison. Police could not say today whether charges would be laid pending further investigations.

Anderson was rushed to Jubilee, his pelvis fractured. Savage was taken to St. Joseph's suffering from a cut to the back of his head and injury to his knee.

**INQUEST THURSDAY**  
Police sought friends of the deceased at Cobble Hill but were unable to locate them. Other friends were found at Calgary, but it is not known whether he had any relatives.

Inquest into the death has been set for 10:30 a.m. Thursday, but place is not yet known.

Other traffic and household accidents flooded city emergency wards over the long holiday. St. Joseph's Hospital alone handled 90 emergency admissions, most of them minor.

A spectacular car-motorcycle crash sent city police officer F. E. Birtwhistle, 3178 Douglas, to Jubilee at about 7:30 p.m. Saturday. He was treated for injuries to his leg and shoulder as well as a cut hand, then sent home.

Involved in the crash was the car of Maurice J. White, 1145 Faithful, police said. The car had been traveling north on Linden and the motorcycle west on Fairfield when the collision occurred.

**HIT PHONE POLE**  
Lewis P. Evans, 47, 2754 Scott, went to Jubilee with a cut forehead and scalp after his car crashed into a telephone pole early Sunday morning on Cook near Pembroke.

**CYCLIST HURT**  
Fifteen-year-old James Gibson, 4561 West Saanich Road, fell from his bike at 7:50 p.m. Sunday. He was X-rayed and his right arm was stitched at St. Joseph's before he was discharged.

Ray Gannor, 10, was youngest accident victim. He was apparently struck by a car at 8:45 p.m. Sunday near his home at 5047 Cadboro Bay Road. Saanich police did not name the driver. The boy was shaken up but otherwise unhurt.

Nevertheless, the decision announced by Eisenhower Monday to go ahead without Russia on an international atomic agency plan would appear to put the Russians somewhat on the spot, since they have so far indicated no interest in sharing their own atomic energy know-how and resources with anybody.

What Eisenhower disclosed was that the U.S. government has agreed with other countries to set up an agency to "foster the growth and spread of new atomic technology for peaceful use." The president did not name the countries, but an aide said they are Canada, Britain, France, South Africa and Australia.

The president added that talks starting Thursday with "our Canadian friends" would be the first step in implementing the new plan.

Eisenhower expressed hope that "no nation will long stand aloof" from the enterprise. This seems clearly to keep the door open for Russian co-operation provided Moscow is interested.

For the time being, the president made clear the project aims to provide benefits for friendly free countries.

Florence, anxious to get the swim under way, spent the morning in the U.S. Coast Guard station in this upper New York town of 800 at the mouth of the Niagara River. After studying the weather reports she announced that she might be able to try it tonight providing the winds go down to 15 miles per hour instead of the present 25 to 30.

The \$10,000 swim from Youngstown to the Canadian National Exhibition water front in Toronto has attracted hundreds of newspapermen, cameramen and radio and TV announcers from both sides of the border.

Discussing the weather conditions Miss Chadwick said only the 63 degree water was in her favour.

"These waves are much worse than what I ran into trying to cross the Straits of Juan de Fuca," she said "there it was just a case of cold water. The waves weren't bad at all."

The two Canadian girls, unofficial entrants in the swim, both said they would wait for Florence to make the decision.

The weather has already forced the CNE to cancel the proposed across-the-lake relay which was scheduled to start four hours after Miss Chadwick stepped into the water. It will, it

be replaced by a 21-mile relay along the Toronto waterfront.

YOUNGSTOWN, N.Y. (CP)—Flo Chadwick has given Canadian swimmers, Marilyn Bell and Winnie Roach Leuzler, a welcome as "chilly as the waters of Lake Ontario."

"I was surprised to find out I would have company on the swim," she said Monday. "I didn't ask to come here. I was invited for an exhibition."

"That's why I can't understand these girls. They live around here and have 365 days a year to try to swim the lake." But if the Canadians really want to challenge her, Miss Chadwick said, she would be happy to attempt with them next summer the Juan de Fuca Straits, between Vancouver Island and Washington state.

## Back-to-School Trek

Careful children bound for Sir James Douglas School today were only handful of 15,000 Greater Victoria youngsters who bid goodbye to summer holidays.

Boys, girls, who gathered with adults to cross busy Fairfield Road, expected motorists to show equal care at crosswalks. (Times Photo.)

## HURRICANE EDNA ROARS AT 90 MPH

MIAMI (UP)—Another dangerous hurricane, already powered by winds of 90 miles an hour, roared at slow speed across the Bahamas today, 500 miles east-southeast of Miami.

It was the fifth tropical storm of the season. It was named Edna in the new feminine-name chart adopted by the hurricane hunters.

Edna was headed in a west-northwest direction, according to the Miami weather bureau.

## German Sovereignty NATO's End—Pearson

Canada Would Consider Bid to Parley But Still Strongly Favors NATO Plan

OTTAWA (BUP)—Canada served notice today she would continue to consider German rearmament a problem for all the North Atlantic Treaty Organization rather than just western Europe.

External Affairs Minister Lester B. Pearson told a luncheon meeting in Toronto that unconditional sovereignty for Western Germany would destroy the North Atlantic Treaty Alliance.

Speaking at the International Day luncheon of the Canadian National Exhibition, Pearson strongly urged full NATO participation in the search for a solution to the question of rearming Germany.

(Canada has taken under consideration a British suggestion for a nine-power conference on West German rearmament but still feels the problem is one "for discussion in full NATO forum" an external affairs department spokesman said Monday night.

**'Pop' Warner Dead**  
PALO ALTO, Calif. (UP)—Football coach Glenn S. (Pop) Warner died at noon today in Palo Alto Hospital.

## Eight SEATO Nations Sign Pact Wednesday

Delegates Confident Remaining Barriers To Asiatic 'Monroe Doctrine' Hurdled

MANILA, P.I. (UP)—The eight-nation SEATO conference practically finished its work today and preparations were being made to sign an Asiatic "Monroe Doctrine" treaty at a formal ceremony at 4 p.m., Wednesday.

Delegates familiar with every development in the Southeast Asia Treaty Organization (SEATO) conference said the delegates believed they had found a way to remove two remaining barriers.

All delegates except U.S. Secretary of State John Foster Dulles have agreed to drop the word "Communist" from the article defining aggression. This

will be a victory for the Pakistan delegation if Dulles and his aides agree.

The second point still holding up agreement is over whether the three associated states of Indo-China—South Viet Nam, Laos and Cambodia, should be included in the SEATO area.

The Philippines have been insisting that they be omitted because they can not become full members or make a contribution.

The United Press was told that Dulles insists on including the three nations because dropping them at this point might make the Communists think the areas had been "abandoned."

Solution to this problem may be reached, it was learned, by the United States attaching a separate protocol to the treaty which would bring the Indo-China nations under SEATO protection.

**STANDS FIRM**  
(Canada still felt, however, that the German rearmament question, now that France had voted itself out of EDC, was a subject for consideration by the North Atlantic treaty council.)

Pearson said in Toronto reports from London of an "Empire row" over how to proceed could be "dismissed as the kind of exuberant exaggeration which seems to sell some newspapers."

Youngstown to the Canadian National Exhibition water front in Toronto has attracted hundreds of newspapermen, cameramen and radio and TV announcers from both sides of the border.

Discussing the weather conditions Miss Chadwick said only the 63 degree water was in her favour.

"These waves are much worse than what I ran into trying to cross the Straits of Juan de Fuca," she said "there it was just a case of cold water. The waves weren't bad at all."

The two Canadian girls, unofficial entrants in the swim, both said they would wait for Florence to make the decision.

The weather has already forced the CNE to cancel the proposed across-the-lake relay which was scheduled to start four hours after Miss Chadwick stepped into the water. It will, it

be replaced by a 21-mile relay along the Toronto waterfront.

YOUNGSTOWN, N.Y. (CP)—Flo Chadwick has given Canadian swimmers, Marilyn Bell and Winnie Roach Leuzler, a welcome as "chilly as the waters of Lake Ontario."

## Gunboat Bombed

Formosa Claims 100 Junks Sunk

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Chinese Nationalist planes struck at Communist shipping along the China coast today and the Defense Ministry said a Red gunboat, more than 100 wooden military junks and five motorized vessels were damaged.

Reuters news agency quoted an official announcement that the junks were sunk. Identification of the junks as military craft could indicate the Reds were massing an invasion fleet for an attack on Quemoy, but there was no official confirmation.

Quemoy, Nationalist island outpost just off Amoy opposite Formosa, has been under intermittent Communist artillery attack since Friday, when the Reds bombarded it for five hours.

The defense ministry said Nationalist bombers struck today at Wuyi Island and Chihmei on the mainland coast within artillery range of Quemoy and at nearby Amoy, a major Red base.

**WARSHIPS JOIN IN**  
Warships joined in the attack for the second day, the announcement said, adding that Red firepower on Amoy was crippled. Intermittent anti-aircraft fire stopped entirely during the attack, the ministry said.

Pilots said dense clouds of smoke billowed for 40 minutes from white stone fortress and for 25 minutes from east fortress, two major strongpoints at Amoy.

All planes returned safely, the ministry said.

Peiping radio said the attacks were made by two waves of Nationalist planes totaling 42 planes and by five warships. A Chinese-language broadcast heard in Tokyo claimed one plane was shot down and 19 others damaged.

Peiping said the raiders dropped 62 bombs, killing 18 persons and injuring two. The broadcast reported that Amoy also came under fire from the five warships and from artillery on Quemoy. Peiping said Red shore batteries answered the fire.

**Roy Sutter Fails To Break Flo's Mark**  
LOS ANGELES—Roy Sutter failed over the weekend in his attempt to beat Florence Chadwick's record of 13 hours and 47 minutes for swimming the Catalina Channel.

He entered the water at Emerald Bay, Catalina Island, at 7:45 p.m. Saturday, and was pulled out three hours and seven minutes later when it became apparent that he would be unable to set a new mark.

WASHINGTON (UP)—Columnist Walter Winchell refused to tell the Senate Censure Committee today who gave him a copy of the so-called "FBI letter" produced by Sen. Joseph R. McCarthy during the Army-McCarthy hearings.

## INVITES CANADIAN GIRLS TO ATTEMPT STRAIT

### Twelve-Foot Waves Force Flo To Delay Lake Ontario Swim

By DON HUNT  
Times Special Correspondent

YOUNGSTOWN, N.Y.—A 12-foot-high wave forced Florence Chadwick to postpone her 32-mile swim across Lake Ontario until at least 11 tonight.

"And if the weather doesn't improve I won't be going then," Miss Chadwick said. Two Canadians—Winnie Roach Leuzler and Marilyn Bell—also postponed their attempt scheduled to get under way Sunday night. All three said they will leave together.

Florence, anxious to get the swim under way, spent the morning in the U.S. Coast Guard station in this upper New York town of 800 at the mouth of the Niagara River. After studying the weather reports she announced that she might be able to try it tonight providing the winds go down to 15 miles per hour instead of the present 25 to 30.

The \$10,000 swim from Youngstown to the Canadian National Exhibition water front in Toronto has attracted hundreds of newspapermen, cameramen and radio and TV announcers from both sides of the border.

#### Beached by Storm

Waiting for Lake Ontario storms to subside are (left) world's woman long-distance champ, Florence Chadwick and Canada's swimming star, 16-year-old Marilyn Bell. Miss Chadwick, if she makes the 32-mile distance will win \$10,000 given by CNE as prize. Miss Bell says she will make the attempt simultaneously for the "honor of Canada."

#### EXCLUSIVE

### Kremlin Landmark In 'New' Moscow

By the RT. HON. CLEMENT R. ATTLEE  
HONG KONG—It had been 18 years since I was last in Russia, when I went by boat with Ambassador Maisky to Leningrad and then to Moscow. This time I flew with my colleagues to Stockholm and Helsinki and so to Moscow.

From the plane one could see the collective farms, with their broad strips of common cultivation and the small individual plots.

#### Marked Rise in Living Standards

Two things, in particular, struck me. First, the great increase in the traffic. On my former visit to Moscow there was an absence of cars, which gave the city a derelict appearance.

There is no doubt that there has been a marked rise in the standard of life. The children, in particular, looked well-fed. The shops had a good supply of wares, though I gathered that the quality was poor and that there was not much variety.

### Bells Welcome Archbishop To Victoria

#### Two Receptions Set for Wednesday

Christ Church Cathedral bells pealed a welcome to the Most Rev. and Rt. Hon. Geoffrey Fisher, Archbishop of Canterbury this afternoon.

The archbishop arrived at Esquimalt aboard HMCS Ontario at 3 o'clock for a week-long visit.
